

Are You Coming To The Carnival?

?

Of Course You Are

Everybody is coming to La Grande, MONDAY, SEPTEMBER 1. The Labor Day Festivities and Street Carnival which has been arranged will provide pleasure for all—

You are invited to make our store headquarters while in town—

Make appointments to meet your friends here; leave your packages here, too, if you wish—

We want to assist you in having a good time, so don't hesitate to ask us for favors, information regarding the town, etc.

If you should wish to purchase drug store goods, you'll find them here in right quality and prices—

You'll receive the same prompt and courteous attention whether you come as a customer or a visitor—

REMEMBER THE DATE — SEPTEMBER 1
MARK YOUR CALENDAR.

LOCAL HAPPENINGS

Jazz Band of City—

Jazz music was the order of the evening at the Reg. Hall last Friday evening when Chas. McCormick and his jazz band dispensed peppy symphonies for the dancing public. Action was the keynote of the event as no sooner had one compelling melody ceased than had another begun and the dance was on.

Mr. McCormick is touring the country with his Jazz Band and will play a return engagement here about September 12. Mr. McCormick wishes to announce that the members of his orchestra all hold Union Cards.

Charles Early in the City—

Charles T. Early, head of the Oregon Lumber Company was here last evening from Portland. He attended the four L. meeting.

Band Gets Round-Up Job

The O-W. band has been engaged to play during the Pendleton Round-Up. J. P. Caldwell closed the contract today.

Britons Build Biggest Plane.

The Tarrant Aircraft Construction company of Farnborough, England, has just finished building the biggest airplane in the world. It is a triplane, the middle plane of which is 131 feet wide. Above and below this are two planes, each 98 feet long. All these planes are 15 feet 2 inches deep. The body is 76 feet long (30 feet longer than the biggest biplane), and the height is 37 feet. The pilot's seat fits out 12 feet beyond the front of the planes. The body of the machine resembles a whale in length and girth, with a great blunt-ended nose. Between the planes are six Napier-Lion engines, each developing 500-horsepower. Four of them operate two-bladed tractor propellers; two of them four-bladed "pusher" propellers.

Jap Industry Hard Hit.

During the war the Japanese zinc industry was very prosperous and large profits were made on ore which was imported from Australia and the French Indies. The signing of the armistice, however, has dealt a hard blow to this industry, and it is reported that it costs \$200 a ton to produce Japanese zinc, while the market price is only \$187 a ton. It is expected that this will result in a request for subsidies and import protection, since the deposits of Japanese ore are of such inferior quality that competition with imported ore cannot be met successfully.

Qualities of True Beauty.

Who has not experienced how, on nearer acquaintance, plainness becomes beautified and beauty loses its charm, according to the quality of the heart and mind?

All the children attending school must be supplied with new books this year as most all of the old books are to be replaced with a more up-to-date series. At Silverthorn's Family Drug Store you will find a large stock of the new books. Your old books may be exchanged for new ones by paying the difference on such exchange. We notice a large stock of new tabbies with beautiful covers. A nicer lot than usual.

The books this year are owned by the book concerns and they offer them for sale only through their agents, the La Grande dealers, of which Silverthorn's Family Drug Store are one. They will have plenty of help to wait on all promptly.

Free water and Milton fruit at 402 North Fir St., opposite Harris Gro. 8-31-19
