

# Come On In

To you, young men, who are our friends and patrons, but have not yet seen the new fall styles.

To you, women, who if you know us better, would also be our friends and customers, we say, come in! You will be interested looking through our fall selections at your leisure; perhaps trying on a garment or two to verify some of the statements we have been making in public print.

### MANY THRILLS HERE.

A Prussian secret service headquarters in West 79th Street, New York, a fashionable cafe, thronged by Hun spies, a U-boat base on Martha's Vineyard—and many other similarly unusual ideas are developed in Thomas H. Ince's Paramount-Artcraft special feature, which will be on view at the Arcade Theatre Friday and Saturday. The action is swift from start to finish and enables Henry B. Walthall, the star, and company to appear in scenes that are filled with interest from beginning to end.

### MANY SCENES OF CLAYTON PICTURE STAGED IN THEATRE

Unusual Settings Are Provided For Superb Photoplay, "Pettigrew's Girl."

When the filming of Ethel Clayton's new Paramount picture, "Pettigrew's Girl," which will be shown at the Arcade Theatre tomorrow only, was started, the Majestic Theatre in Los Angeles was used for the big theatre scenes in the story. But after a few scenes were made, director George Melford decided he would require even more space.

So they hurried back to the studio and constituted an enormous setting representing the stage, boxes and

part of the orchestra of a genuine New York playhouse, such as distinguishes most of the Broadway theatres.

The big studio tank was used as the orchestra pit, and several rows of seats were also arranged therein. Altogether, the set was one of the largest and most realistic ever put up at the studio, and spectators will have a hard time realizing it is only a set, and not the interior of the Winter Garden or the New Amsterdam Theatre in New York.

Part of a musical comedy performance is given on this stage in the picture, and for the dancers in this forty or so lovely girls from the Doniphawn school were secured.

### Land Transfers.

United States to William Birchfield, conveying Southeast Quarter of Southeast Quarter, Section 4, Township 2, N. R. 10, E. W. M., conveying 40 acres.

## PORTLAND MAN HAS GAINED

C. J. Edeen, Had Been Told Operation Was His Only Hope

"I have more faith in Tanlac than any medicine I have ever seen and I'll tell you why I say this," said C. J. Edeen, a well known mechanic who is employed by the Southern Pacific Railway Co., and who lives at 601 East 26th st., Portland, Ore., while talking to a Tanlac representative the other day.

"I suffered from stomach troubles

for three years or more," continued Mr. Edeen, "and when I saw in need taking those, I was so weak and run down that I was unable to do any work at all. At one time I was in the hospital for seven weeks, and at the very best of treatment there, I was told that nothing but an operation would do me any good, and that I would have to submit to it if I ever expected to be well again. I refused to undergo the operation, and was told then that they could do nothing more for me, so I pulled up and went home. Well, after I got home I began to diet myself, thinking that might help me, but I soon found that even milk and mush, and a soft cooked egg would cause gas to form on my stomach, and I would have the worst cramping spells you have ever heard of. I just kept on suffering and getting weaker all the time until I was just about all in.

"Then I heard about Tanlac," and the great things it was doing for so many other people, and I bought a bottle and commenced taking it. Well, sir, I figured that Tanlac would give me some relief, but I had no idea that it was going to make such a clean sweep of my troubles, and put me in fine condition I am now in. Why I have gained twenty-nine pounds, and in a short time I was free from pain and distress as any man on earth. My stomach troubles all disappeared, and my appetite came back in full

force, and up to this day, I can hardly get enough to eat. Every thing I eat agrees with me, too, and when night comes on I can go to bed and sleep like a rock right through until daylight. Now that was just a year ago, when Tanlac pulled me out of all that trouble, and I haven't lost a day from my work since, and my health has been just fine ever since."

### To Be of Influence.

If you can't swing things your way in life the sensible thing is to swing with things the way they are going. To be sure you can just abruptly cut away, but that leaves you out of touch with things. It may be a relief to your conscience to be beyond the reach of compromise. But you are also beyond the reach of influence. You can not hope to be able to mold character or even contribute anything toward bending it.

### English Surgeon in Civil War.

Sir Charles Wyndham, the famous English actor, served as a surgeon in the American Civil war.

### Optimistic Thought.

Many a one threatens while he quakes with fear.

### "LOOKS JUST LIKE NEW"

Vulcanizing, like cobbling, depends for its success upon the skill of the operator, not upon the materials used. A poor shoemaker and a bungling vulcanizer can spoil good materials. We absolutely guarantee first class work and will turn out a vulcanized tire "just like new." We have never yet spoiled a "shoe."
