Corns 'Twixt Toes? Use Easy "Gets-It"

Any Corn or Callus Comes Off Peacefully, Gloriously. Never Fails.

It is easy for "Gets-It" to reach "hard-to-get-at" corns, and better yet, it is easy to remove them, because "Gets-It" makes them come

Any Corn Peels Off With "Gets-It"

right off just like a banana peel. You can try to slice or draw out your corns with a razor, or nibble them with a "bloody" razor, or use bandages and pads and then soak up your toe into a package, but don't do it. "Break-a-bones," painful, foolish way. Get 2 or 3 drops of "Gets-It" — that's the peaceful, sure, common-sense way that never fails. You reach the corn easily with the little glass rod in the cork of every "Gets-It" bottle. It dries out, hurt the true flesh. Try it, just and smile! It's a blessing; never fails. "Gets-It" the antiseptic, painless, money-back corn-remover, costs but a trifle at any drug store. Sold by E. Lawrence & Co., Chicago, Ill.

Sold in La Grande and recommended as the world's best corn remedy by . D. Putman, Levy Vogel Drug Co., and Red Cross Drug Co.

REGISTRATION STILL SOARING AT O. A. C.

OREGON AGRICULTURAL COLLEGE, Sept. 30.—Registration continues to soar at the college. Those who have actually completed their registration number 2504 and the figure is increasing daily. An enrollment of fully 3000 is expected before the end of the school year.

Of the 2504 students registered only 213 are vocationals. This means that approximately 2300 who come to the college are graduates of high schools or other institutions of similar standing.

The enrolment includes 1744 men and 761 women. One thousand three hundred and sixty-five are new students and 1139 old. Engineering is particularly popular, 816 students having enrolled for various branches. In agriculture the enrollment has passed the advance number given by Dean Cordley—500—by 58. Four hundred and eighty-four students have completed registration for commerce and 416 for home economics.
