THIEVES AFTER BOOZE TAKE OFF LIQUID SOAP—INSPECTOR JOE MORAK, investigating the robbery of Clark's home, 125 Twenty-fourth street, Wednesday reported that he believes someone who knew Clark was absent for some time entered the home a few days after September 1. An inventory places a loss of \$1000 in jewelry, silverware and cut-glass.

It is believed the robbers were in the house several minutes, as jewelry and indications they slept in the beds and otherwise made themselves at home. The robbery was discovered Tuesday, when the Clark family returned home.

Taking a Chance

Sometimes it is good policy to take a chance—but in clothes-buying it's a little different. You wouldn't think of taking a chance on a suit unless you knew there was a reputation behind it.

All our goods are the kind that have made good. Take the Born's and Woolley's suits for example—50 years of scientific clothes tailoring—something that is not a gamble. They are made to your individual measurement. Quality, Style, Service. Prices are \$22.50 to \$64.15.

This is the headquarters in La Grande for wearables of the "make good" variety.

Why not investigate? Now's the time. You save! We sell for cash.
