**BUT PHYSICIANS WILL NOT RELAX TREATMENT OF ABSOLUTE REST JUST NOW.**

### EXECUTIVE IMPATIENT TO ATTEND TO AFFAIRS

Desired to Prepare a Statement for the Opening of the Industrial and Labor Conference in Session Today, But His Plans Are Effectively Opposed by Physicians.

(By Associated Press to The Observer)

WASHINGTON, Oct. 6.—President Wilson continues to improve and passed a satisfactory night. His attending physicians made it clear, however, that they will not relax the treatment of absolute rest at the present. The president is chafing because he is not permitted to attend to official matters. He wanted to prepare a statement for the opening of the industrial and labor conference, which convened in Washington today, but his physicians would not permit him to do so.

### REMAINS OF CHARLES PEAL SENT EAST

The remains of the late Charles Peal, the middle aged man who died Friday noon following a long illness of pneumonia, were sent east yesterday on No. 6 by the Henry Undertaking parlors.

Mr. Peal had a brother in Boston, who upon receiving a wire of his brother's death, requested that the remains be sent to that city for burial. Peal was a member of the Moose lodge, which order took care of the arrangements here.

## L. H. S. FOOTBALL SCHEDULE OUT

### FANS TO GET EYES FULL OF REAL FOOTBALL

Grant Swalberg Arranges Four Games on Home Lot—Others at Wallowa and Elgin

The completed schedule for the local high school football team has just been completed by Grant Swalberg, and it appears to be one of the best arranged that any team has played in a number of years. Four games will be played on the home lot, with a good possibility of a fifth one, that being the Thanksgiving game, which date is left open until the season is further advanced and the caliber of the team more clearly established. Only two games are scheduled away from home, these being with Wallowa and Baker. Six contests will be staged on consecutive Saturdays and the team will have to be in good physical condition to stand up through all of these. Ten days rest will be taken before the thirder day game, and if an outside team is taken on for that day, enough time will have elapsed to get the men in first class shape for a hard game on that date.

The following is the complete schedule, and fans should be able to get their own full of real football from the books of it:

October 11, Alumni at La Grande  
October 18, Elgin at La Grande  
October 25, Wallowa at Wallowa  
November 1, Elgin at La Grande  
November 8, Baker at Baker  
Nov. 15, Pendleton at La Grande  
November 24, Thanksgiving, open.

## ORGANIZATION GETS RESULTS

### STATE TEACHERS' ASSOCIATION MEETS IN DECEMBER

#### A. C. Hampton to Make Appeal at Baker Institute for 100 Per Cent Membership

Superintendent A. C. Hampton, president of the Oregon State Teachers Association, is busy preparing the program for the meeting of the association in Portland, December 29, 30 and 31. He announces that Mr. H. B. Wilson, superintendent of city schools at Berkeley, California, has been secured as one of the principal speakers. Superintendent Wilson is one of the progressive Superintendents of the country and Mr. Hampton considers himself fortunate in being able to secure his services. Seventeen of the nineteen departmental heads have been appointed and all are now working on their programs.

The State Teachers Association is the one organization which is vitally concerned in the welfare of all the teachers of the state. One of the purposes of any Association such as the State Teachers Association has in the fact that it creates by means of expert commissions composed of its leading school people, a body of literature that is extremely helpful in school work. By this means current educational practice is investigated and the result made available in printed form for all the teachers of the state.

This is precisely what the State Association is now doing and the results are printed four times a year in bulletin form which are distributed to all the members.

Mr. Hampton believes that from the standpoint of self interest alone no teacher in the state can afford to not become a member of the Association. The dues are only one dollar per year and this entitles the member to the quarterly publication which is well worth the money, but in addition the Association, under Mr. Hampton's administration, is concerning itself vitally in the interest of the individual teacher of the state. It was due directly to the agency of the State Association that the minimum salary now for teachers was passed by the last legislature. This law provides that no teacher in the state can now contract to teach for less than seventy-five dollars per month. From a study of the teachers' salary roll in the thirty-six counties of the state it was discovered that about 1,500 teachers were receiving less than \$75 per month during the year 1918-1919.

While there was no minimum salary law on the statutes prior to the 1919 legislature, the requirement that 85 per cent of the school funds must be spent for teacher salaries virtually established a minimum of only \$50 per month. The increase to \$75 is thus an increase of 50 per cent in the minimum.

Superintendent Hampton leaves for Baker tomorrow and it is his purpose to appeal to the teachers of Union and Baker counties to register for 100 per cent membership in the association. He feels that with the past record of achievement by the association for the teachers, that no teacher can afford not to become a member. Up to the present time the teachers of Malheur, Jackson, Wasco, Deschutes, Kalmath and Douglas counties have registered 100 per cent in membership in the association, and it is firmly believed that the teachers of Union and Baker counties will do the same at their joint institute in Baker this week.

### ENUMERATORS WANTED

Census Supervisor Issues General Call for the Work to Be Done in January

W. A. Terrall, supervisor of census, desires applications for the position of Census Enumerator for all over the Second Census District of Oregon, which is the same as the Second Congressional District. The pay is good, one month (January 1920) will be utilized for the making of the census, and a great many enumerators will be wanted. A simple test will be held to judge the fitness of applicants, but anyone of fair intelligence would have no trouble with it. Every interested in a fair and accurate count should apply. Make applications not later than October 15th and address them to W. A. Terrall, census supervisor, Second Oregon District, Walla Walla, Oregon.

## RACE WAR OUTBREAK IN GEORGIA

**TWO NEGROES LYNCHED BY A MOB THIS MORNING AND BODIES BURNED.**

### CHARGED WITH SHOOTING A DEPUTY SHERIFF

Plot Said to Have Been Discovered by the Negroes for a General Killing of the Whites—Negro Captives Said to Have Divulged Plot—Known as Farmers and Household Union.

LINCOLN, Ga., Oct. 6.—Jack Jordan and Will Brown, negroes, were lynched by a mob this morning and their bodies burned. They were charged with shooting Deputy Sheriff Roy Freeman and Royce Fortson late Saturday. Freeman is not expected to live. Mose Martin, another negro, was killed by a posse yesterday during the hunt for Gordon. Several other blacks were whipped for not giving information in regard to Gordon's whereabouts. A mob of more than a thousand took Gordon from the sheriff.

### Alleged Plot Discovered

Elaine, Oct. 6.—The discovery of what is believed to have been a wide spread plot organized by negroes and for a general killing of whites set for today, led the officials to tighten up on emergency measures. ### TIME FOR WOMEN TO DOFF UNIFORM

LONDON, (Correspondence of the Associated Press)—Woman in uniform is being made the butt of much criticism throughout England. "It was noble of her to get into it—now she ought to get out on the double-quick" is a commentary by one critic which may be taken as representative of widespread opinion.

Restoration of women to their normal sphere and reinstatement of ex-service men in their old positions are urged as reasons for the elimination of uniformed women from public service and welfare organizations.

### BAKER DEFEATS WEISER

BAKER, Oct. 5.—Baker High school won a 26 to 7 victory over Weiser high school in a football game at the Idaho city on Friday afternoon. Lloyd Tunnicliffe, John Bates and Floyd Bates scored some of the touchdowns for the locals.

### WEATHER FORECAST

Fair; gentle winds, mostly northerly.

## PLANS HARVEST FESTIVAL

Everyone is to be given a chance to express their thanks for the harvest just reaped, when the Salvation Army in sixty-three countries and colonies observe October 25, 26, and 27 as their annual Harvest Festival. This festival has come to be known the world over.

This is a time when the farmers are reaping their harvest, fairs are being held all over the country, exhibits of the harvest God has given to the sower are being exhibited, and the farmer and rancher are thankful to God for all of it, although they might not express their thanks in just those words, still back of it all they realize that God giveth the increase. While they are rejoicing over their harvest, the Salvation Army will give them all an opportunity to show their appreciation.

The local corps will hold their demonstration in their regular hall. They will have a display from the harvests of the farm, garden and orchards. Fruit and vegetables will be sold along with a sale of work which the Home Service League of the corps have made.

The Army has always solicited money, fruit, and vegetables for this effort in previous years, as this is a time when they raise part of their winter relief money and corps liabilities for the winter, but this year there will be no personal solicitation for money, but if there is anyone that would like to contribute toward carrying on the good work of the Army, and at the same time show their appreciation of the harvest God has given them, the Army will much appreciate it.

Anyone having donations in the way of canned fruit, vegetables, or who could donate a piece of fancy work or a garment for sale, are asked to phone Main 707 as early as possible in order that the Army may make all necessary preparations.

A candy booth will be established, and everyone who can donate home made candy will receive the hearty thanks of the Army.

Third—Wages will be stabilized at the present level until Sept. 30, 1920, and at any time after August 1 they may be reviewed in the light of circumstances then existing.

Fourth—No union man in Great Britain shall receive less than 51 shillings per week while the cost of living is 110 per cent above the pre-war level.

Fifth—The unions agree that their men will work harmoniously with the men who returned to work or who remained at work during the strike. Nor shall there be any victimization of strikers.

### CALIFORNIA POSSE SEEKS FOR ALLEGED MURDERER

PLACERVILLE, Cal., Oct. 6.—A posse with bloodhounds left Somers, El Dorado county, Saturday to search in the hills for a man believed by Sheriff Charles Hand to be guilty of the murder of Mrs. Thomas Reeves, who was found dead at Somers, her body pierced by two bullet wounds.

Sheriff Hand said the man for whom the posse is seeking had been an inmate of Napa state hospital, where he was committed as insane, but escaped and never was recommitted.

Because a teacher suffered a stroke and was unable to fulfill her contract, the Durkee school was delayed in opening until Monday. Because of lack of teachers seven schools are still closed in Baker county.

## BOXING CARD IS A GOOD ONE

### TWO HIGH CLASS EVENTS TO MOKROW EVENING

#### Good Preliminary Between Local Boys in Prospect—Seats Are Now on Sale

The Municipal Boxing Show to be held at the Arcade theatre Tuesday evening consists of two high class boxing events between clever, experienced boxers, well matched as to weight and ability and promises to be a splendid amusement for those interested in high class athletic affairs.

Gordon and Rocco, the two bantams, are special demons and both have trained faithfully for their bout and are in condition to go at top speed over the 10-round route. Rocco's manager, Ad Garlock, will be in the little fellow's corner and will advise him through out the contest. Garlock predicts a victory for his boy. He is naturally very anxious for first honors as it means a chance against Mascott for the coast championship.

A wire from A. Matin, manager and adviser of Sammy Gordon, states they are leaving Portland Monday morning for La Grande, that Gordon is in the best of condition and ready to give a good account of himself. Mr. Matin accompanies Gordon on all his trips, never permitting the little bantam to compete in any one unless he is present to second and advise him.

The special eight-round contest between Payne and Bradley will be full of action from start to finish. Both boys are of the strong, aggressive type and good mixers and can be depended upon for a good contest.

It is the desire of the boxing commission to establish training quarters for boxers participating in contests here a little later to enable boxers to come a few days in advance of their bouts and make their final preparation for their bouts right here, thereby giving the sport followers an opportunity of seeing the boys in training and enable them to get a line on them as to their ability and form before seeing them in the ring. Because of the lack of accommodations here it has been necessary to have the workers train at home and come in on the eve of the battle.

A good preliminary between local boys is in prospect, good music will be furnished by Eddie Ford's Jazz Orchestra and a splendid picture will precede the athletic program, starting at 7:30.

Seats are now on sale at Hughes' cigar store and The Club cigar store.

### PENDLETON WOMAN KILLED

Mrs. Gilman Folsom Meets Death by Accidental Discharge of a Shotgun

Mrs. Gilman Folsom, wife of a well known Umatilla county farmer, was killed in the roadway in front of her home Sunday. As she passed in the rear of the car in which some young men hunting had stopped in front of the house a shot gun was discharged, presumably by the jar of the machine, and the entire contents entered her breast. Mrs. Folsom was the daughter of Thomas Jacques, a well known Pilot Rock resident, and besides her husband leaves several children.

### BRAZILIANS ARE TEMPERATE PEOPLE

Coffee Is the National Drink and Its Use Is Universal

RIO DE JANEIRO, Brazil, (Correspondence of the Associated Press)—Should prohibition ever become effective in Brazil it is probable that few Brazilians would be greatly affected by it. The Brazilian apparently does not care for strong drink. Coffee is the national beverage and the coffee shops are among the interesting sights of the city. They are to be found everywhere, but are especially numerous in the downtown section and along the principal avenues.

The shops are on the street floor, are wide open and contain numerous small tables. Excellent coffee, generally black and strong, is served in tiny cups at the uniform price equivalent to about 2-1/2 cents a cup.

It is in these shops and while sipping their coffee that many Brazilians discuss business or social affairs, and also watch the passing throngs. Many of the shops remain open all night and are well patronized. In fact some of them contain more patrons at 2 a. m. than at any other time. Nearly all of the coffee shops carry an abundant stock of alcoholic liquors, but there is little call for it.

### CLASHES IN THE CHICAGO DISTRICT

CHICAGO, Oct. 6.—Clashes between the strike sympathizers and police and the police and social activities during the last 24 hours did not alter the heads of the steel mills from attempting to start additional plants today. The unions increased their picket lines.

Two new paving plants, each costing in the neighborhood of \$15,000 are to be purchased by Marion county.
