Certain-teed ROOFING & SHINGLES For every use. On buildings with broad roof areas, on soaring sky-scrapers, and all kinds of farm buildings, Certain-teed Roofing is giving lasting and complete weather protection. On every sort of building it is turning back rain and snow, heat and cold, year after year, with almost no up-keep cost. Severe weather cannot affect it. Certain-teed Roofing is easily and quickly laid by anyone who will follow the directions that come with the roll. It costs less than the ordinary kind of roofing—and lasts much longer. It sturdily stands against sparks—a real fire protection. It cannot corrode or rust. For your buildings new or old—large or small—in the city or country—Certain-teed is the logical roofing investment. Certain-teed is made in rolls, both smooth and rough surfaced (red or green)—also in handsome red or green asphalt shingles for residences. Certain-teed is extra quality—the same means economy of quality and satisfaction guaranteed. It will pay you to get Certain-teed—most dealers sell it. Ask for Certain-teed and be sure to get it. Certain-teed Products Corporation Offices and Warehouses in Principal Cities. W. H. Bohnenkamp Co. Dealer

She cried "Liar" when everyone else believed Kent, of the Royal Northwest Mounted Police, had confessed a murder. Everyone believed him. Then exquisite Murette appeared. Speaking with him for the first time, she called him a splendid liar. She doubted what everyone else believed. Strange complications follow one another quickly in "The Valley of Silent Men" It is a corking yarn—even better than "The River's End."

No parent DARE overlook this The children of one family out of every four are suffering from malnutrition. Poverty has nothing to do with it. Your child may be among them; you may be contributing to one of the worst menaces facing this country. The causes are slight, the consequences almost beyond repair. You owe it to yourself, to your children, to your country, to read "Is Your Child Hungry?" by Louise Stevens Bryant. In this article, she explains the apparently trivial causes of underfeeding and the simple provisions by which it may be eliminated.

Are second marriages happy? Does a widow make a desirable wife? Does a man provide more plentifully for his second wife? Why is a man's temperament so different when it comes to a second spouse? These and many other questions are answered and discussed with a delightful undercurrent of humor by Dorothy Dix.

A dress that saves money Read the "Secrets of Remodeling Economically." It shows, among other things, a garment which may be worn on different occasions with simple accessories. The other articles in this profusely illustrated department give the opinions of Worth, Paquin, George, Jenny, Doucet and others, on the winter silhouette, the pannier, evening wraps, millinery.
