MINE OWNER WAS FORCED TO QUIT

Moves to Coast Seeking Health—
Takes Tanlac and Will Return
Home a Well Man

"I was forced to give up my mining business in Nevada and come out here seeking health but thanks to Tanlac I am coming back a well man," said William H. Hart, who owns the Vindicator-Divide Mine in Tonopah, Nevada. Mr. Hart made this remarkable statement while in one of the Owl Drug Company's stores in Los Angeles, Cal., recently.

"For nine long years I have suffered terribly with indigestion and stomach trouble," he continued. "No treatment or medicine gave me any permanent relief and I got in such a nervous run down and emaciated the condition that I had to leave my

mine and come out here and try to find something to help me. My appetite was poor and everything I ate formed gas in my stomach that would start pains which almost drew me double sometimes. I got so nervous that I couldn't grasp a pen long enough to write a letter and at night even the sound of the wind blowing around the house would upset me. I couldn't sleep anyway and this together with my stomach trouble pulled me down until I had lost forty pounds of my weight. Back in June I had a more severe attack and couldn't stay on the job another day, so I just gave up and came out here. I didn't get any relief until a friend recommended Tanlac and I started taking it.

"I feel like a new man since I finished my fourth bottle of Tanlac. I'm eating three square meals every day and enjoying them. My nerves are as steady as a rock again and I can lay down at night and sleep as sound as a healthy child and get up feeling like a different man. To make a long story short, I am going back to my mine a well man and able to get on the job and stay there. Tanlac has overcome the troubles that kept me in misery for

some long years and I am glad to have a chance to tell everybody just how it helped me. If I had only found Tanlac back home it would have saved me the expense of the trip out here and all that I have paid out for treatments and medicines, but my experience with Tanlac alone has been worth more than that to me."

Tanlac is sold in La Grande by Silverthorne drug store; in Union, by L. A. Wright; in North Powder, by L. Russell; in Elgin, by Scott E. Harris, and in Telocast, by Telocast Grocery Co.—Adv.

FIRE PREVENTION DAY SET FOR OCT. 9

October 9th has been designated as "Patriotic Fire Prevention Day," according to an announcement made this week by A. G. Barber, state fire warden. Following is his proclamation:

"October 9th has been designated for this year as 'Patriotic Fire Prevention Day,' a day set apart for serious consideration of our tremendous fire waste, and the adoption of adequate and permanent means of prevention.

"The French people have said of us Americans: 'That we are mighty builders and mighty burners,' and so we are, not intentionally or criminally, but negligently and carelessly.

"This indeed is an age of great achievement and economic reforms, and foremost is the immense saving of property and life that can be accomplished by the prevention of fire.

"Reforms come from a change of mind and a change of mind can only come by constant mental effort. Therefore, think fire prevention, talk fire prevention, and practice fire prevention, not only on October 9 but on through the year until next Fire prevention day, and then start over again. Never relax your caution against the ever present danger of fire on your own premises. In that way you will not only make it a habit with yourself but will influence others, and we will all reap the benefit.

"Make it a point on Fire Prevention Day to critically examine your home, store, office, shop or factory. Try to discover anything or any condition that might possibly cause a fire, and above all clean up. If you find any inflammable material, remove it if possible or make it safe; you will be doing yourself a great favor, and then don't stop, keep it that way.

"In America we destroy by fire five times as much per capita as do the people of Europe. It should not be so. We surpass in every other way—we should in this. The remedy rests with each and every one of us. Let us start now.

"It is the office of the state fire marshal department to promote this conservation work, and for the ask-

ing we are ready to assist you at any time. Call upon us."

TO RENOVATE PILLOWS
To renovate feather pillows or to dry castors, use the following method: Remove the bag from your vacuum cleaner. Rip the end of a pillow enough to fit on the cleaner; fasten it tightly and turn on the electric current. The air thus created rapidly agitates and dries the feathers. In a few minutes they are as light and fluffy as new.—October Good Housekeeping.

FOR STRINGING BEADS

My three-year-old boy liked to string beads, but the long, pointed needle staring toward his eyes made me very fearful, and the interruptions caused by rethreading the needle were numerous, until I discovered a safe and sane substitute. I found that he could use an ordinary shoe-lace with the little, blunt, metal ends. I bought a box of the ten-cent ordinary kindergarten beads in bright colors with large centres, and now my boy safely amuses himself for hours with this inexpensive device.—October Good Housekeeping.

An Agreeable Surprise.
"About three years ago when I was suffering from a severe cold on my lungs and coughed most of the time night and day, I tried a bottle of Chamberlain's Cough Remedy and was surprised at the promptness with which it gave me relief," writes Mrs. James Brown, Clark Mills, N. Y. Many another has been surprised and pleased with the prompt relief afforded by this remedy.—Adv.
