GRAIN FIRE IN WABLOWA COUNTY

Several stacks of wheat and a separator belonging to Henry E. Davis and son, Guy Davis, were burned last Thursday evening north of the Innaha road, near the Buttes. There was no insurance on machine or grain, the loss being placed at about \$1600.

Davis & Son had finished their season's run and pulled their machine home. They were asked to go to the Smith place to thresh a few stacks at once, and reached there Thursday afternoon. The stacks were in a long row and the steam engine which furnished power had to be set close to one.

The separator had only run a few minutes when a stack near the engine burst into flames, the fire having been started by a spark, it is supposed. A high wind was blowing and it carried the fire from stack to stack, across the machines. The engine was pulled out but the separator and grain were a total loss.

The wheat had been estimated at 300 bushels, worth \$600 and the machine was worth \$1000. The fire was a severe loss to both farmer and machine owner.—Record Chieftain.
