An Agreeable Surprise.

"About three years ago when I was suffering from a severe cold on my lungs and coughed most of the time night and day, I tried a bottle of Chamberlain's Cough Remedy and was surprised at the promptness with which it gave me relief," writes Mrs. James Brown, Clark Mills, N. Y. Many another has been surprised and pleased with the prompt relief afforded by this remedy.—Adv.

FOOTBALL STRONG AT O. A. C.

Football prospects at O. A. C. are brighter than for many years. Many former stars have returned from war service where they were big factors in army, navy, marine and aviation football. More important still is the fact that the new policy of "Every man out for the game he can play best" has developed naturally and without strain the best men for the various places. Coach H. W. Hargis helped develop these men and knows them from the ground up. He is assisted by Brewer Billie who captained the team four years ago when they drubbed the Michigan Aggies. The line-up includes almost two full teams who have won letters in former years by playing in a majority of O. A. C. games. They

want to win the conference championship. They are determined to win the public approval.

Constipation.

The beginning of almost every serious disorder is constipation. If you want to enjoy good health keep your bowels regular. This is best accomplished by proper diet and exercise, but sometimes a medicine is needed and when that is the case you will find Chamberlain's Tablets are excellent. They are mild and gentle in their action, easy and pleasant to take. Give them a trial. They only cost a quarter.—Adv.

Harrow your Soil—But why harrow your Shoes

Of all the work on the farm, harrowing is probably the hardest on your shoes.

Dust works in between the cracks—driving the leather and causing much discomfort to your feet.

BERGMANN SHOE OIL applied to your shoes makes them pliable, seals the cracks, makes them waterproof—and a joy to wear.

The school itself will be directed by Dr. Ralph A. Felt, educational secretary to the rural department of the board of home, gardens and church extension, who will be assisted by a number of the best rural workers of the east as well as by a number of local men and women who have done work while things along rural lines. President C. W. Tenney, who has charge of the preliminary work is also asking that all and all who had prize winning exhibits at county or state fairs send in a good specimen or two in order that the "wise men from the east" may see that the inter-mountain empire is leading and not hanging on in the progress that is being made along rural and agricultural lines.
