... coke and use it quickly or it will corrode and disintegrate. Thus it is that our civic conscience has been quickened and we have been giving largely of our time and energies to the opening of play grounds, installment of public nurses, ways and means of making and keeping our cities clean, healthful and beautiful; securing conditions of industry that are conducive to the best life of the worker, in short, we have been striving more and more to make concrete the very finest conceptions of this great spirit of America.

"It sounds big, and it is big; just as big as it sounds. And our part in this great work can be just as much or little as we choose to make it. Lets make it much. Lets try for big things; larger successes and achievements mean greater duties and responsibilities. But it is thus and thus only that we grow.

"As for myself I have just this to say—without any pretentions to the splendid leadership you have had during the past year—that I am ready to give the very best of my time, strength and small ability to this work. Let us go forward then, with courage and confidence to the duties before us. Let us think, plan and pull together, and may our councils and labors be directed to what is best, and come to prompt and abundant fruition."

The following program was delightfully rendered after which delicious refreshments were served and a social hour enjoyed by all: Piano solo, "Recollections of Home" (F. B. Mills), Mrs. Lee Reynolds; vocal solo, "Villanelle" (Del Aqua) Mrs. A. L. Richardson; reading, scene from "Mid-Summer Night's Dream," Miss Naomi Williamson; piano duet, "The Firefly" (Tschaikowsky), Mrs. George Birnie and Mrs. R. J. Green.

The Neighborhood Club is planning to do systematized work along civic, literary, musical and social lines and special departments will be organized immediately to carry on this work. Judging from all indications and the keen interest manifested there is every indication to believe that the Neighborhood Club is entering upon one of the most eventful and useful years of its existence.

Packard and Warren Are Given Sentence

Robert Packard, who was found guilty of burglary not in a dwelling house, was sentenced this week by Judge Knowles to two and a half years in the penitentiary. Packard is the man who, with three companions, stole an auto from in front of the court house and later robbed a store in Union. Two of his companions confessed to the stealing of the car and were sent down to Salem. The other member of the party escaped from the county jail this summer.

Charli Warren, indicted in the name of S. M. Stewart, plead guilty of uttering a forged check and was sentenced by the Judge to two years in the penetentiary. Warren is the man who attempted to forge a check on the Warren Construction company, but Claude Scranton would not accept it and started with Warren for the Police station.

That Air of Distinction

Nothing contributes more directly to this feeling than the wearing of the proper model in the proper kind of corset.

MODART CORSETS Front Laced

Style is as essentially a part of MODART CORSETS as health and comfort. It has its foundation in the corset and there can be no stylish construction of the outer garments without the proper corset.

A MODART trial fitting is the most convincing argument of the value of a MODART Corset. Then the style lines are seen—then beauty of outline is noted—then comfort becomes apparent. Our experienced corsetiere is "at your service."

Farms for Sale

WHO WANTS THIS?

Ten acres, half in alfalfa. Nice six-room bungalow, built-in kitchen with convenient cellar, screened-in porches, back and front; garage, woodshed, good barn, chicken house and park. Creek runs through the center of the place. Less than three miles from La Grande. The price is only $3000. The initial payment required is $1000. Adjoining land is worth $200 per acre, and the buildings cannot be built today for $2500. This sounds mighty nice, but the property will look better when you investigate.

An Improved 80 Acre Farm.

Here is a real home farm. Eighty acres of land with ample water, which is piped into a modern house, eight rooms with basement, bath and toilet, hot and cold water; water is piped into the barn, which is one of the finest in the county; also into the hog house and chicken yard. The house is plastered and wired. Nice lawn with hydrants fixed for irrigating. Near school, phone, R. F. D., on the established highway between La Grande and Elgin, eight miles from La Grande. The price is $12,000; the terms are $6000 cash, time on balance. Permit me to show you this property and what adjoining farms have sold for recently. This is not only a paying farm, but all the comforts of city and country combined. Just an ordinary 25-minute auto ride to La Grande.

Another Desirable Farm.

One hundred and sixty acres with a running creek. Splendid land, and well improved. A large, commodious house substantially built. Two large barns, blacksmith shop, machinery sheds, hog houses, and chicken house and park. The price is $20,000, and worth every dollar of it; $7000 will handle this.

A Dairy Ranch.

Three hundred and twenty acres, 80 in cultivation; plenty of water and pasture and wood. Mountain ranch five miles from La Grande. Price $3500; small payment down will handle this; something like $800 or $1000.

If you want a farm on the Sandridge, see me. I have one of the best buys on the market, and the terms will suit anyone who is able to own a farm like this.
