tion Division, Rev. James Alkin Smith, La Grande. These officers will decide during the year where the next meeting of the Union County Sunday School Association will be held.

OLIVE THOMAS AT ARCADE IN NEWEST PICTURE

One of the best pictures the screen has ever seen—not a gruesome, sordid melodrama that will make you feel like a washed out dish-rag after you have seen it—but a corking, breezy delightful comedy drama of the elite of Long Island, will be seen today at the Arcade theatre, when Solznick Pictures presents Olive Thomas in the first of her series of productions under this management, "Upstairs and Down."

The upstairs and downstairs doings of a fashionable house party in Long Island furnish the main theme for this picture. Alice Chesterton, a merry little mischiefmaker, who delights in getting in and out of scrapes, carries on a desperate flirtation with Terry O'Keefe, a gay son of Ireland, despite the fact that she is engaged to Tom Carey.

The result of a little plan concocted by the lves, when they think that Alice has carried on her affair with Terry long enough, is that Terry no longer has eyes for the little "baby vamp" but begins to notice Alice's sister, Betty. After many complications and laughable situations, things take a turn for the better and you will leave the theatre crying through your tears.

NAMING THE WAR.

The war department has designated the part the United States had in the world conflict as the "War of 1917." So far as official circles are concerned, this settles the matter.

There has never been agreement on the name of the conflict. Some call it "War of Nations," while others prefer "World War." In the minds of many, especially those who took an active part in the fighting, it is simply "the war" and probably will remain that throughout their lives, just as many veterans of the Civil War know that conflict by no other name than "the war."

The chief weakness of the name "War of 1917" is that it is not comprehensive. The name should cover the entire conflict. Either "World War" or the "War of Nations" does.
