

A Great Ambition Realized

Ten Years in Business and More Than One Million One Hundred Thousand Dollars in deposits,
at the—

UNITED STATES NATIONAL BANK

La Grande, Oregon.

Read the totals at the close business September 12, each year—

September 12, 1909	\$ 142,261.17
September 12, 1910	249,227.26
September 12, 1911	311,817.43
September 12, 1912	366,872.71
September 12, 1913	367,443.05
September 12, 1914	353,985.76
September 12, 1915	375,771.50
September 12, 1916	572,370.48
September 12, 1917	639,664.97
September 12, 1918	767,865.30
September 12, 1919	1,038,457.32
September 16, 1919	1,163,556.77

When this bank was organized ten years ago \$500,000 in deposits within ten years was considered the highest probable attainment.

Instead we passed the \$500,000 mark in less than ten years and then look forward with hopeful anticipation to becoming a million-dollar bank.

Thanks to an appreciative public and a prosperous and growing community, we have passed the Million-Dollar mark in ten years and we are now looking forward to a Two-Million-Dollar Bank.

Everybody connected with the United States National Bank is happy today and proud of the fact that their early ambitions have been more than realized, and we believe we have a right to be proud and happy, that every person in La Grande and Union County who takes pleasure in evidence of community growth and progress will rejoice with us in this achievement when they stop to realize how great an attainment the financial showing of this bank actually is, and we know that several hundred customers who have stayed loyally with us from the beginning and are really a part of us, will mark our success with a great pleasure.

That the United States National Bank should forge ahead so consistently and rapidly, and accomplish so greatly under such circumstances and in such short length of time, necessarily indicates that the institution must be meeting a need in this community, is serving the public in a generally satisfactory manner, and in return is meeting with friendly co-operation.

Further, it indicates that La Grande and Union county are both growing and prosperous.

The United States National Bank feels that it has contributed materially to the progress and growth of the city and county by standing at the back of every worthy enterprise and person needing its assistance, today of its \$900,000 in loans; every dollar is loaned in Union county, to people and local enterprises in this community. It proposes to follow this policy in the future.

This bank has just completed the most modern and up-to-date banking rooms in the county, and proposes to serve the community as it has in the past—courteously, promptly, always in line with the most liberal interpretation of good banking methods, and with confidence that its friendly interest in all things good for the community and its people will be appreciated in the future as it has been in the past.

Every man, woman, boy and girl should have a bank account, should do business with a first-class bank, ready to serve them in their desires to go ahead. Every business and person should establish a credit at some bank, ready to serve them happily as they need it.

The United States National Bank is that kind of a bank, and that the public appreciates this fact is evidenced in the more than One Million Four Hundred Thousand Dollars, resources of this bank, from three thousand satisfied patrons.

On this day of rejoicing this bank invites you to become one of its army of depositors and guarantees you its heartiest co-operation.
