High School Rally a Success—

The high school rally, held Friday night, was a huge success to the finest degree. There was a good turnout and plenty of noise. After serpentining the streets of the business district, through the theatres and hotels, the "rooks" were sent to gather firewood for the big bonfire to be held behind the high school building. High school songs, toasts, yells and barrel speeches formed the amusement for the students. Members of the faculty and fotoball men performed numerous stunts to suit the occasion.

Will Rush Highway Work—

County Commissioner W. J. Towgley is crowding the matter of securing right-of-oway deeds to the Hot Lake-Union highway and is desirous of crowding the grading of that line this fall and winter.

The Union committee in charge of this work is also pushing matters as rapidly as posible looking toward a settlement of the right-of-way question and it is hoped that the work can be done this fall and winter.

This will insure the hard-surfacing of the route early in 1921 in all human probability.—Union Republican.

Minam-Joseph Road Work to Start—

As a result of the persistent efforts of the county court, the state highway commission has decided to start work at once on the Minam-Joseph road. This information came to the court in a letter received on Tuesday from Mr. O. Bennett, division engineer.

The nine miles of canyon road will be built first and the plan is to try to finish it before next summer. The road will be closed while work is going on, but this will be a small inconvenience in the winter when there is practically no through travel. There are more working days in the canyon in the winter than in the upper valley, as it is lower and is sheltered from storms. So it is hoped that the road can be built these at a time when nothing could be done elsewhere, and also at a time when few people will be inconvenienced.—Enterprise Record Chieftain.

High School Elects Staff—

The new members of the Mimir Staff for this year are:

Editor-In-Chief—DeLoris Pearson.

Ass't. Editor—LaRue Hanks.

Advertising Manager—Robert Emahiser.

Business Manager—Frank Crippen.

Ass't. Business Manager—Waldo Stoddard.

With such an efficient corps, it is hardly possible for La Grande High to put out anything but an A-1 annual. There is a vast amount of material in store for this year's Mimir, and it promises to be the best ne ever put out in the history of La Grande High School.

From what everyone knows about the athletic activities, we are convinced that we must keep a record of such great events as the "Baker and Pendleton Victories," etc., thus will the Mimir make good use of quoting statements about each player on the football and basketball teams.

Trackmeet wil be entered this year in the Mimir for the first time in years.

Oh! How we all enjoy a good laugh once in a while. Well, the Mimir is going to be filled with jokes, and it keeps members of the staff busy jotting down the funny ditties said among the students every day.

A great number of pictures are going to be in the Mimir this year. All ready, we have a man on the job William Heughen, who will have snaps of nearly everyone in the Student Body before the year is over. For, what is a book worth, if not full of pictures? Everyone appreciates gazing upon a good-looking faculty — just wait and see what will be in the Mimir. Never before in the history of La Grande High School, has there been such an intelligent bunch of Freshmen, Sophomores, Juniors and especially SENIORS, therefore the Mimir will be full of excellent stories, poems, songs and high school yells.

Society news will also be very plentiful, for we believe that "all work and no play, makes Jack a dull boy."

The Mimir staff hope to bring out many new ideas in the "book" this year and, with the co-operation of everyone, it will be placed in a superlative position in comparison with those of previous years.
