greater part of the day in this popular pastime. To date, to the best of my knowledge, they have all survived in spite of a desperate effort upon their part to create a food shortage in the city of Portland.

A. W. Nelson, secretary of the Union County Ad Club, returned yesterday from Salem where he has been attending a meeting of Commercial Club secretaries of the state. On his return home, he took in the stock show, and reports that out of seven blue ribbons Union co. has carried away six of them. "Union county left a few things for the rest of them," said Mr. Nelson. Floyd McKennon and Bill Ledbetter have taken all the first prizes on the 2, 4, and 6 team draft horses. Monday night, two were shown, Tuesday four, and Wednesday evening six.

NEGLECTING THAT COLD OR COUGH?

Why, when Dr. King's New Discovery so promptly checks it

IT'S natural you don't want to be careless and let that old cold or cough drag on or that new attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery.

Cold, cough, grippe, croup does not resist this standard reliever very long. Its quality is as high today as it always has been—and it's been growing steadily in popularity for more than fifty years. 60c and $1.20 a bottle at all druggists. Give it a trial.

Tardy Bowels, Inert Liver

They just won't let you put "pep" into your work or play. Sick headache comes from retaining waste matter and impurities in the body.

Feel right for anything—make the liver lively, the bowels function regularly, with Dr. King's New Life Pills. Smoothly yet positively they produce results that cleanse the system and make the liver and bowels respond to the demands of a strong, healthy body. Still 25c.—Try them tonight.

...had chronic indigestion so bad I thought I was about down and out, but Tanlac put me back on my feet and no man in Oregon feels better than I do today," said George Throckmorton, who lives at 81 McClellan st., Portland, Ore., the other day.

"My trouble started about four years ago," he continued "when I began having attacks of acute indigestion which got worse and worse until I would just faint away. I had no appetite and sometimes the mere thought of eating would turn me deathly sick. I didn't hardly dare look at fruits and acids or anything fried, much less eat them. Even milk would curdle on my stomach and meats, especially pork, were just like poison to my system. I was so badly constipated I had to take a laxative nearly every day and I felt so weak and tired all the time—I had to drag myself to work. I tried all sorts of medicines but nothing seemed to help me and the attacks kept getting closer and closer together. When they came on I would have the awfullest cramps in my stomach anybody ever had and would be completely floored for five or six days. I was so nervous I could not sleep half as much as I ought to and for days at a time I couldn't eat a mouthful of anything. I would faint so often I was afraid to be by myself at night.

"I was in Aberdeen, Wash., when I read about Tanlac doing other people so much good and decided that it might help me, too. I took three bottles in all, that was in April, 1918, and I haven't had a single attack of indigestion since. I eat everything I want—even beet pickles—without any bad effects afterwards. I have gained ten or fifteen pounds and never felt better in my life than I do right now. Tanlac did me a world of good and I have told lots of people about it."

Tanlac is sold in La Grande by Silverthorne drug store; in Union, by L. A. Wright; in North Powder, by L. Russell; in Elgin by Scott E. Harris, and in Telocaset, by Telocaset Grocery store.

A Good Cough Medicine for Children.

Mrs. J. W. Phillips, Redon, Ga., phoned to J. M. Floyd, the merchant there, for a bottle of Chamberlain's Cough Remedy and said she had bought a bottle of it at his store recently and that it was doing her children so much good that she wanted to keep up the treatment. You will find nothing better for coughs and colds in children or for yourself. It keeps the cough loose, expectoration easy and soon frees the system from the cold.—Adv.

No Cure for the "Flu"

Altho this dreaded Disease ravaged the Country last year, yet a cure has really not been found for it, and Medical Authorities say another Epidemic will occur.

We urge everybody, the minute you feel a cold coming on, have fever or chills, dull headaches or constipation, to take a THORO, CLEANSING, PURIFYING LAXATIVE.

Bathe your feet in hot salt water, take a good big cup of HOLLISTER'S ROCKY MOUNTAIN TEA (warm), and go to bed for the night—chances are you will feel fine the next morning and it won't be so easy for the "Flu" or Grippe to get you.

Buy a package today, have it in the House and use it at the very first warning. Mothers should closely watch the children and treat them without delay.—Putman Drug Company.
