IT SAVED FOREMAN'S LIFE

MAHONEY NEVER EXPECTED TO GET OUT OF BED AGAIN —NOW BACK AT WORK.

Many wonderful endorsements have been given Tanlac, but the statement made October 9th by James Mahoney, of 22East 15th St., Los Angeles, Cal., is so remarkable as to be almost incredible.

Mr. Mahoney, however, is a man of unquestioned integrity and has been foreman at the Richards-Naustadt Construction Co. for ten years. His neighbors have coroborated his remarkable statement in every detail and will do so again if called upon.

"It was being talked among my friends," said Mr. Mahoney, "that I was going to die and I don't believe anyone ever had a much closer call. Closely following an injury to my back, caused by lifting some steel last July a year ago, my whole system seemed to give way. My stomach commenced hurting me terribly and I suffered from gas and indigestion. There seemed to be a lump in my stomach and I could not eat a thing without intense pain afterwards. My appetite left me entirely and I got so weak I could not even lift ten pounds. Then I became constipated and my kidneys got out of order and disturbed me so at night I could not sleep sound. I was in misery all the time and so weak I could not lift my feet to go up the steps. I could not straighten up for the pain in my stomach. Before these troubles started I weighed one hundred and forty-five, but dropped down until I weighed only sixty-five pounds, and if there was ever a living skeleton, I was. I could hear my friends, who came in to see me, say, 'Poor Jim, he can't last much longer,' and I had no hope, myself, of ever getting up. In spite of all that could be done, I kept getting worse. That lump like feeling in my stomach seemed to get larger and the pain more intense. Finally I was told nothing more could be done except operate and I was too weak to stand that.

"One day a friend, who had been coming to see me often, told me how Tanlac had helped his daughter and urged me to try it. At first I refused, as my wife was opposed to anything except prescribed medicines. But one day this friends offered to go and get me a bottle of Tanlac with the understanding that no one else know about it. Well, I started taking it and by the time he brought me the third bottle I was feeling better. I stopped everything else, kept taking Tanlac and slowly improving. I soon noticed the pain in my stomach easing up and that lumpy feeling began to leave. I got to eating something and then commenced getting back my lost weight and strength. I kept taking it until I used twenty bottles and, as a result, I am in better shape than I was for years—even before I was taken sick. I now weigh exactly one hundred and thirty pounds, so you see my weight has exactly doubled. I am working. I am working every day and can do the heavy lifting just the same as I ever could. I am not bothered any more with my kidneys or constipation and I sleep like a top every night. My food tastes good and my appetite is simply fine. My wife now thinks just as I do, that Tanlac is the grondest medicine in the world. I will prise it as long as I live, and I never expect to be without it."
