THEATRES

DOROTHY PHILLIPS STARS IN AMBITIOUS FILM.

As Meredith was the pet of the family? Her good looks and sweet voice singled her out as a little better than the rest of the household, and she accepted the sacrifices of her parents and sisters as a matter of course.

How she finally achieved her greatest desire, won fame and admiration and snafos waited upon her pleasure, and how she found all this worldly success to be hollow and vanity compared to her mother's love and devotion to her girlhood sweetheart, are told in the latest Universal-Jewel production, "Once To Every Woman," starring Dorothy Phillips and directed by Allen Holubar, which will be shown at the Arcade Theatre, today, Friday and Saturday.

Dorothy Phillips, from all accounts appears at her best in the role of the haughty country school girl who becomes a famous prima donna with the world's celebrities at her feet.

BERT LYTELL BOOKED IN POWERFUL PICTURE.

Beginning today "The Price of Redemption," the big new Metro production starring Bert Lytell, will be the feature attraction at the Sherry Theatre for a run of two days.

The story of the play in which Bert Lytell enacts the leading role is that of a young Englishman in the dark heart of India, who becomes famous for a deed of exceptional bravery and then sinks to the depths of degradation after an unhappy marriage in London. The picture portrays life in far-off India where, in English garbisons and native villages, Leigh Derling, a young English officer, first distinguishes himself as the hero of Fort Akbar, and then sounds all the depth of evil ways among the native drug-sellers' huts and opium dives.

Also showing a comedy.

WILLIAM RUSSELL IN "THE MAN WHO DARED"

Big Jim O'Kane is "in wrong" with the sheriff and in love with the girl the sheriff wants. That is the opening situation in "The Man Who Dared," a new William Fox photodrama starring William Russell, which is coming to the Star Theatre on Saturday and Sunday.

It is easy to guess that some very startling things occurred. The California Redwoods are not the most healthy sort of resort when one is at odds with the sheriff; for the sheriff has weapons which other men have not.

All Eagles and their families are requested to attend a Social at Eagles Hall, Friday night, Jan. 28, 1-2-3-4.

MYSTERY IS STILL UNSOLVED

ABANDONED CHILDREN MISSING KEPT AT CENTRALIA.

Union Woman Writes That She At One Time Did Have The Two Waifs Under Her Care

CENTRALIA, Wash., Jan. 27.—Abandoned here by the man who claimed to be their father, repudiated by the girl who was believed to be their mother, Jack and Leona Ferguson, Centralia's pathetic little waifs today seem to be no nearer a solution of the mystery that surrounds their parentage and home than they were when they were left with Dr. J. M. Sleicher, of Chehalis.

The last clue to be run down and which seemed to point to Louisa McIntosh, of Union, Ore., as their mother, proved fruitless when Mrs. McIntosh wrote that she had taken care of the children at one time, but that she did not know who their mother was. Their grandmother, she wrote, was Mrs. Lora L. Carver, of Seattle.

Last September a man who said he was Charles H. Ferguson brought the children, Jack, aged 2, and Leona, aged 2, to Dr. Sleicher for medical attention. Both were suffering from lack of nourishment. Since then they have been cared for by a practical nurse here. The man said his wife had died in Nebraska in June, and since then he had been living in Onizuka, Wash. He has not been here since last Christmas eve.

But the children still beg for their mother and tell in pitiful attempts to make them selves understood of running away from her and their home in a Seattle apartment house. Each repetition of the story by little Jack always ends, "But we are going back some day."

Both the children are golden haired and blue eyed. The man who brought them here is dark and the children in no way resemble him, says Dr. Sleicher.

The doctor has received scores of letters regarding the children, not only from those who believe they have a solution of the mystery, but from many who wish to adopt the youngsters. But Dr. Sleicher is still trying to find the children's mother and the Seattle apartment house from which they say they were taken.

Y. W. WILL GIVE DAY'S PROCEEDS

FEBRUARY WILL BE MEN'S GIBLE GUEST DAY.

Y. W. the Country Over, Will Give Receipts to Starving Children of Europe.

SAN FRANCISCO, Jan. 27.—All Y. W. C. A. cafeterias and lunch-rooms in the United States are to donate the gross receipts of February 1 to the European Relief Council Fund for the starving children of Europe in response to a request made by the national board of the organization and telegraphed to San Francisco today.

The day is to be known as Invisible Guest Day. Mrs. Lewis H. Pappan, secretary of the National Board and chairman of the Guest Day Committee, in making her request, said: "We long to have a splendid total to turn over to Mr. Hoover. The membership is unquestionably giving individually and generously in response to individual or community appeals but our rallies and luncheons constitute for an official Association contribution."

At many of the Association buildings the day will be made distinctive by the presence of society women to help the dining personnel in the dining rooms and kitchens.

Enough Said. Frequently a question contains its own answer. Such a question was the one put recently by a Kansas young woman who had failed to qualify for a position as teacher. Feeling that she had not been considered fairly with, she wrote: "I think I am entitled to an explanation of why I failed, anyway."—Boston Transcript.

YOUR TELEPHONE

What does your telephone service mean to you? In the successful operation of your business is your telephone necessary? Does the telephone in your residence prove more than a convenience and perform an important part in the management of your affairs? In fact, don't you find good telephone service essential in both your office and home? The Telephone Company believes you do and wants to supply that service to you. Telephone properties are now operated at a loss in the State of Oregon. Increased rates are necessary to continue present service and attract capital for building new plant needed. Can investors be expected to furnish funds for extensions when the present plant does not pay its way? Is not the Telephone Company entitled to rates which will enable them to continue to furnish good telephone service to the people of Oregon, and without which they cannot carry out their plans for development? These are questions of importance and should interest every telephone user.
