The Herman Siegrist home was the scene of one of the prettiest parties of the season Thursday and Friday afternoons. Twelve tables were placed for Bridge each day, and the guest list for both days numbered over one hundred. The hostesses for the two afternoons were Miss Henrietta Foley, Mrs. Adolph Siegrist and Mrs. Herman Siegrist. After the scores were counted for the first afternoon, they proved Mrs. Elmer Stoddard as winner of the first prize and Miss Eleanor McClane of Hot Lake, winner of the second prize, while Mrs. Sam A. Burgunder won consolation.

The second day when the scores were counted, Mrs. W. G. Sawyer won first prize, Mrs. Dan Sommer of Elgin second, and Mrs. H. C. Finn winning consolation.

The color scheme of pink and white was carried out in the decoration of the Siegrist home each day. A delicious two course luncheon was served to the guests of the two afternoons.

One of the prettiest banquets held for some time was that of the Bible in Art Class which was held at the home of Mr. and Mrs. E. P. Mossman on Thursday evening.

Nearly sixty members of this enterprising class were seated round the banquet tables, which were prettily decorated with garlands of smilax, and tall brass candlesticks containing long yellow candles. Bowls of yellow spring flowers were arranged about the table and the attractive color scheme of yellow and green was also carried out in the hand painted place cards, arranged by Miss Blanche Clark and her committee. The cards were cut in the shape of a church window and the green and gold outlines contained the letters for the class, "B. A. C."

A delicious four course banquet was served, several members of the class assisting in the service.

Following the banquet hour, toasts were responded to, Miss Francis Smith acting as toastmistress. The toasts called for were all grouped under Bible headings, and Miss Smith herself gave the ten commandments, which laid down the rules of the class, most of which, although true, proved mirth producing. In a clever manner, Miss Smith then called for the other toasts, Miss Jessie Farris responding to "The Miracles." She reviewed the history of the class, telling how it came to be organized, and also wove into her story, many of the little intimate stories so dear to the heart of each member. Miss Bertha Walsinger responded to a toast on "Revelations," and in rhyme, gave a toast to the leader of the class, Mrs. Mossman, and the various officers. The toasts proved a very popular revelation to the members of the class as to these offices, and Miss Walsinger received a round of applause for her keen observation.

"The Beatitudes" were given by Miss Marion Catlin, and showed the way in which the high school girls responded to as fine a class as this one is. Miss Edith Pechin responded to the call for "The Parables," while Miss Helen McDonald responded to "The First Psalm," a toast to the host, Dr. Mossman.

Following the banquet hour, an amusing skit was put on by the stunt committee, under the chairmanship of Mrs. Donald M. Pague, who had prepared a take-off on the now much talked of Blue Sky Laws. The audience were taken back into the Dark Ages, and gradually shown the various ways of observing Sunday, even on into the year 1980.

The members of this class have one social evening a month, and all departed Thursday evening telling their hostess and host that the banquet was the very best evening of them all.

The second musical number was piano selections played by Lois Nelson, (a) "Au Martin," by Benjamin Godard; (b) "Indian Dance" by Thurleau Lieurance.

No doubt the time, on looking back, seems short and the events of 27 years ago but as yesterday. With two grown children well settled in life, and two grandchildren, they may consider their marriage has had auspicious results. Here's hoping that, surrounded by grandchildren and great-grandchildren, they may celebrate their golden wedding."

China's Famine Cry Is Heard by America

"CHINA'S MADONNA OF MISERY"

Drawn and lithographed by Henry Raleigh as a poster contribution; upper left—"Famine," depicted in a Chinese ideogram; upper right—China's Cry: "Please Help"

Drought killed the crops in Northern China one and one-half years ago. The world heard, but saw nothing dramatic in the news. There existed, however, a condition which would have been termed famine in any other land. There is no surplus in China's biseasonal crops; her great population requires this double bounty of nature to live.

The Chinese set courageously to work to relieve the situation. They planted their winter crops, and lived through the hard winter with the hope that spring would bring plenty.

The drought continued—the summer crop never materialized. With the greatest fortitude they planted for the fall. The drought continued. Then, too late to save the fall planting, rain fell. The people rose to a final desperate effort and planted buckwheat, hoping against hope for a crop before the cold Northern winter set in. The drought remained, and they saw their last hope perish.

With the failure of the fall crop Americans in China commenced to call this country's attention to China's plight—the worst in any nation's history. The American Minister notified our Government. And gradually America awoke to the fact that [illegible] people were suffering, that [illegible] were without clothes, food, fuel, or shelter, that 15,000 [illegible] were dying daily, and that by spring 15,000,000 would succumb unless help came from the outside world.

The Christian Herald, under the direction of Graham Patterson, publisher, organized a relief fund, and arranged with the State Department for the transmission of its receipts to Peking through the American Legation. The Red Cross set aside $500,000 for relief work in the stricken area.

President Wilson, December 9, issued an appeal to the American people, and appointed a committee to organize and carry on relief work in China. Thus the Committee for China Famine Fund—Thomas W. Lamont, Chairman; Vernon Munroe, Treasurer; Ras D. Henkle, General Secretary, and Union N. Bethell, Chairman of the Executive Committee—came into being.

The work of the organization is already under way. Churches, Sunday schools, merchants' organizations, motion pictures and theatrical organizations, and Chinese societies are co-operating. Funds are being received by the treasurer at the Bible House, New York City, and are being forwarded to the International Relief Committee in China.

The organization is working. Every contribution means much—a penny buys a meal—three cents will save a life for a day—a dollar will save a life for a month. Unless they are fed 15,000,000 human beings will die before summer.

To Car Owners

THE SAFE WAY

is to have your car examined or overhauled before beginning its regular spring and summer use.

Cars get more or less out of order during the severe winter weather, and do not work as perfectly as they should. This means additional wear and strain on the parts effected, and increased expense to you if allowed to continue in that condition. Failure to correct these defects has caused the wrecking of many cars. Don't let it occur to yours.

We can overhaul your car at slight expense.
