Safety Pins Long in Use.
Safety pins can be traced back to the Fifteenth century B. C., when pins were made of bone and bent over, shaped like the modern safety pins. Many of them have been found in graves of that period. Since then the safety pin has passed through many changes and has been made of various metals. An average of 1,000,000 gross of safety pins are now manufactured yearly.

Condition to Be Dreaded.
There are worse things than losing money; you can get it back again; but when you go bankrupt on peace and contentment, you are of all men the most miserable.

METHODISTS TO HOLD CLINIC

PROBE INTO WORLD CONDITIONS WILL BE MADE.

Convention at Haines Will Be the Nearest Meeting Place For Local People.

A religious clinic of unusual importance will be held at Haines, Feb. 8 and 9 in the Methodist Church. The program consists of speakers of national repute, slide lectures and movie films presenting the crisis world situation up to the minute.

5:00 p. m.—Moving picture exhibition, "The Expanding Years," at the Bungalow Theatre.
7:30-8:30 p. m.—Illustrated address "At the Cross Roads of the Centuries," Geo. Mecklenburg.

8:30 p. m.—Address "The Next Ten Years," Bishop Wesley Burns.

This convention is also demonstrating the use of moving pictures in the church. A live wire 3 1/2-reel film is shown at five o'clock in some moving picture house of the convention city on the second day of the Conference. This reel is made by the church and is a demonstration of the future possibilities of films in portraying the work of the church.

STYLE LAWS WILL BE BLUE

MRS. HARDING IS SELECTING WHITE HOUSE WARDROBE.

Does Not Go Shopping, But Goods Are Brought To Her For Selection.

NEW YORK, Feb. 3.—Mrs. W. G. Harding has begun selecting the contents of her White House clothes cabinet. She did not go shopping, but conducted a hotel suite campaign for clothes. Modistes, tailleurs, furriers and jewelers followed one another into her rooms, where she passed nearly eight hours inspecting their offerings.

She granted admittance only to photographers and reporters, besides the salespeople. Style dictators, pondering over the impressions they received, predicted that the laws of fashion will be blue after March 4. That is the favorite color of Mrs. Harding. She selected a tea gown and an evening gown of blue today.

Mrs. Harding also made it clear that there will be no foreign frills in her wardrobe.

CHURCH FUND IS GROWING

E. D. S. PEOPLE WILL GIVE TO TWO BENEFIT FUNDS.

Although All of the Reports are Not In, \$100,000 Will Probably be Given by Church.

SALT LAKE, Feb. 3.—Today's records at the Presiding Bishop's office showed a total so far of \$12,381.08, turned in for the two funds being raised respectively for the relief in the Near East, and for the starving children of Europe.

This total represents, however, only a small proportion of the wards and branches of the Church; and while full returns of last Sunday's fast day collections for the relief fund among members of the Church of Jesus Christ of Latter-Day Saints will probably not be in before the end of the week, yet the rate so far shown warrants the conservative unofficial estimate of the entire Church's contribution as probably in excess of \$100,000. So far, from only 76 wards and branches have returns been received, at the Presiding Bishop's office, and these contributions, are stated as making up the \$12,381.08. As there are in all 354 wards and branches of the Church, 875 are still to be heard from. While by no means all these wards and branches are situated in Utah, and their contributions may consequently be credited in part to other states, yet the entire Church collection, under the instructions of the First Presidency, is to be transmitted to the Presiding Bishop's office in this city.

MR. AND MRS. DEAN IN MODO

FORMER LA GRANDE MAN IS ASSISTANT MANAGER.

Is With Electric Company Which Was Formed on Sherman County Capital.

Former friends of Mr. and Mrs. Roy F. Dean, formerly of this city, where Mr. Dean held the position of manager with the Eastern Oregon Light and Power Company, will be glad to hear that the Deans are now located at Moro, and like it very well.

Mr. Dean is with the Sherman Electric Company as assistant general manager. This is a new project and will purchase its energy from the Pacific Power and Light Company at Bufur. This company has under construction a line from Bufur to the towns of Grass Valley, Moro and Wasco, which is up-to-date in every way and will be of modern construction throughout. Work has been discontinued through the winter months on account of bad weather conditions but will be resumed in the spring.

This project is built by Sherman County capital and every dollar has been subscribed by people of that vicinity.

As soon as the construction work has been finished Mr. Dean is slated for the General Manager and will look after the operation of this system in the three towns and are for the general business of the company. This project has appealed to Mr. Dean principally because it is in a constructive stage and the amount of new business taken on in the next two years will be heavy and with his past years' experience in this phase of the electrical work, will no doubt prove very interesting.

Sherman County has progressed wonderfully in the past few years and now has modern schools in modern buildings, fine hotels and of course a number of good cafes. Nearly all of the new buildings have been built of concrete, the largest building being a four story hotel at Moro which was just completed this fall. This hotel is modern throughout with service equal to any hotel in Portland.

WANTS FEEDING POND MONEY

SALEM, Feb. 3.—Several bills pertaining to the fishing industry were introduced in the house Monday, and went to second reading.

The bill by Representative Geo. Hyatt of Union and Walla counties appropriates \$10,000 for a system of feeding ponds for salmon on the Walla-walla river and its tributaries. A bill by Representatives Overdorf, Burdick, Weight, Egbert, and Robertson provides for \$15,000 for fish ladders and for removing obstructions in the Deschutes river; and a bill by Representative William M. Stone, of Clackamas county, requires that all persons taking salmon eggs from animals of the Willamette river or its tributaries south of Oregon City shall liberate in this river at least 80 per cent of the fish eggs hatched.
