LADIES KEEP THE MEN BUSY

PERRY, Feb. 14.—(Special.)—A dance was given here last Saturday night by the ladies of the Three L's, a sister organization to the Four L's. The ladies exchanged places with the men and did all the asking for dances. As there was a greater number of ladies than men present, they kept the men very busy. No man was allowed to hold down a bench very long. Everybody reported a pleasant time.

Monday evening the Hall Room boys from the La Grande League came up for a practice game with Perry's Lumberjacks. The local team led the score from the first of the game. The playing was fast but comparatively clean, the visiting boys showing themselves to be good sports even though playing a losing game. The first half ended with the score 7-1 in Perry's favor, the visitors having been able to secure only one foul basket. During the second part of the game the La Grande boys were becoming more accustomed to the floor and made almost as many points as the Perry team. Our team and the visitors had an extra man who changed off with the other players. The final score was, Perry 25, Hall Room Boys 14. E. D. Towler, from the La Grande high school, refereed the game in a very satisfactory manner. Joe Smith was timekeeper and W. V. Connor acted as scorer.

The school children are rehearsing for a Washington program which will be given in the community hall on Feb. 22.

Various Results From Colds.

Colds not only cause a tremendous injury to every one who contracts them, but they are also a serious threat as they lower the vitality and prepare the system for the more serious diseases. It is not at all unusual for people who have serious lung troubles to say, "I had a hard cold that winter." Why not take Chamberlain's Cough Remedy, and are your colds while you can.—Adv.

MAC LEAN-MAY IN NEW COMEDY AT SHERRY'S

Douglas MacLean and Doris May are said to keep up the high quality of their screen offerings in "Let's Be Fashionable", which will be the attraction at the Sherry Theatre last day. Beginning with Mary Roberts Rinehart's "Twenty-Three and a Half Hours' Leave," this youthful pair have set a pace for clean, zestful comedy that it would be hard to equal. "Let's Be Fashionable" is the story of an attractive young married pair of limited means who try, with laughable results, to keep up with a fast society crowd at a summer resort. In the end, they agree that it is better to be happy than fashionable. Also showing the final chapter of "The Lost City."

"JUST PAIS," NEW FOX PLAY WITH BUCK JONES

Buck Jones in the William Fox production "Just Pais," a drama of the wheat country from a story by John McDermott, is announced as the feature attraction at the Arcade Theatre tonight only.

The scenes are laid in a small town on the border-line of the wheat and cattle countries. It deals with the lives of a dejected "nobody," a boy wail and a beautiful school teacher, who become united through circumstances that constitute what has been described as a most appealing story. Buck Jones is seen in the next of Bill, the "nobody"—a ne'er-do-well who, at heart, is courageous and chivalrous.

The Arcade Premier Orchestra under the leadership of Andrew Lowry, Jr., is a special attraction tonight.

ROBIN HOOD COMING TO THE BAKER THEATRE, FEB. 18

So promising and overwhelming is the assurance of support for "Robin Hood" that a definite contract by Manager K. L. Burk has been made, and the DeKoven masterpiece will be presented at the Baker Theatre, Baker, Friday night, February 18.

The coming of Ralph Dunbar's production of the famous American comic opera, if one is to judge by the sentiments expressed where the company has been, will prove a noteworthy event in local annals, for it affords the opportunity desired by many of hearing the opera adequately done, with a cast of real artists, an excellent chorus, an orchestra of symphony players, a full quota of mechanics with complete equipment of scenery, costumes, priorities and effects. That some producer is willing to assume the risk of sending to the smaller cities such a production, is cause for gratitude from everyone who appreciates real worth in this field.

THE PUBLISHER'S RESPONSIBILITY.

Much denaturalizing reading is printed on the plea that "the public wants it." A mother might as excusably give her child the glittering arsenic for which it cries. The publisher bears a responsibility to society like that of the preacher or the teacher. This, at any rate, is the view of the Publishers of The Youth's Companion. From its first issue to the present it has been a constant force for character building. And with all that it has been so wisely edited that no publication exists of more varied charm, more inexhaustible and refreshing sources of interest.

The 52 issues of the coming year will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Only \$2.50 for an amount of reading equal to thirty-five volumes of fiction, humor, etc.
