

Local News in Brief

Leaves For Seattle

Lynn Bohnenkamp left last evening for Seattle, where his wife and baby daughter, accompanied by Mrs. W. B. Pickens, have been visiting for the past several weeks with Mrs. Bohnenkamp's sister.

To Select Leaders

At a business meeting of the local troop of boy scouts yesterday evening in their club rooms in the Y. M. C. A., it was decided that each patrol will adopt colors and select a cheer leader at an early date.

Basketball and Swimming Saturday

The boy scouts' basketball league will play two games tomorrow afternoon in the Y. M. C. A. gymnasium. At 2:30 the Tigers will meet the Ravens and at 3:00 the Wildcats will meet the Flying Eagles.

In the morning the scouts will begin their swimming and life-saving lessons, 11 o'clock being the hour for this instruction.

Smallpox Increasing

Although no new cases of scarlet fever were quarantined yesterday, a number of new cases of smallpox were isolated. They are at the following places: Patton, 214 Cedar; Jos Jones, 801 Main; John Doe, Grande Ronde Valley House; R. Poulter, 1424 S.; J. E. Twidwell, 2001 Q.; J. W. Walden, 2114 Cedar.

Old-Fashioned Chicken Dinner

The board of directors of the Country Club have been busy of late arranging the details of the club work, and among the list of events scheduled, is another get-together of the membership, in the form of a dancing party to be held this evening. Sunday dinners at the club house are also becoming most popular, and for this coming Sunday, a good old-fashioned chicken dinner has been promised.

Jury Chosen, Trial Begins

The trial of Howard Copeland and Service Dyer, charged with a slaying offense was begun today. This morning was spent in selecting a jury taking of evidence beginning this afternoon. The jury is composed of J. A. Gaskill, Aric Rysdam, Ed Wolf,

Mr. & Mrs. P. J. Powers

Get Ready for Golf

Indoor golf will begin in earnest next Monday evening when the country club golf class will for the first time find that its indoor course is in readiness at the Y. M. C. A. The gymnasium is being fitted up with a heavy canvas curtain that stops the balls on one end and tees will be placed on the other end of the room. Although the course is very limited in size, A. Edwin Pryke, physical director of the "Y", who is in charge of the golf class, will be able to teach the members the theoretical side of golf and also teach them just how to hit the ball so that when spring comes the greenness of the novice will not be so noticeable.

From Eastern Oregon

J. H. Pearce, Esq., of La Grande, who has been in Portland a few days, came over here Monday, to call on his old friend, E. W. Bartlett. Mr. Pearce is the senior member of the jewelry firm of Pearce & Son, and also one of the leaders of the republican machine in Union county. It is rumored that he was in Portland after a federal office on which he has his eye. If so, we hope he will get it, as he deserves it. We have known him a number of years and our personal relations have always been pleasant, although our respective native lands are chronically at odds, and he wears the green and by the whim of nature, orange on our head. However, such accidents of birth and prejudice are cast into the melting pot when each proudly declares "I am an American citizen." We are sorry not to have seen him.—Eastern Clackamas News.

IDAHO WILL BE REPRESENTED BY WHITE PINE TREE

MOSCOW, Idaho, Feb. 18.—Idaho will be represented by the white pine tree in a "grove of states" being planned in Los Angeles by the chamber of commerce of that city. The pine is the most typical native tree of Idaho, according to a decision made by Dean F. G. Miller, of the University school of forestry here. Dean Miller was asked by Governor D. W. Davis to select the state tree for the grove.

Frocks Interpret Childhood

SO LONG as the styles in little girls' frocks interpret little girlhood, it will not be necessary for them to cast about for anything startlingly new—no matter how simple they are, they enable an instant appeal. It is the simplicity and childlikeness of this spring's offerings that convinced them to mother and many pretty details of finish that endear them to the children. The newest among these finisings is found in "samples" trimmings. Canvas-bands with flowers worked in cross-stitch on them. In gay colors like the old-fashioned whippers of a century ago, serve to make belts, bands and tabs that set off many pretty chambray dresses and aprons.

In gingham small checks and cross-bars are favored with plain chambray used for collars and other accessories and for trimmings. The plain chambray also has a new bloomers.

The order is received in dresses of plain chambray with collars and other accessories checked for crossbar stitching, but the knickerbockers these dresses are of the plain material.

For dress-up times there are many pretty colored organdies, trimmed with narrow frills having picot edges. They are finished with bows of narrow ribbon set on in plain little groups and have sashes of the same narrow ribbon. They are shown in many lively colors, pink, green, blue, lavender and yellow among them and have lovely old-fashioned sunbonnets to match.

In more substantial dresses white tulle often provides a neat finish as shown in the frock at the left of the picture. This dress, with knickerbockers of plain chambray, its collar and cuffs bound with tape and rows of tape at the head of plait. The dress at the right, for a younger girl, is made of organdy with net under-sleeves. A very little needle work on the collar and a ribbon tie finish up a dress that is so simple to need description and too pretty to pass un-noticed.

LOTS OF POINTS IN TWO GAMES

NORMING CLOSE ABOUT GAMES PLAYED YESTERDAY

Stoddard Wins From Bankers By 42 to 9 and Hall Room Boys Traps Game By 40 to 7 Scored.

Big scores for the winners and diminutive scores for the losers were the rule last night in the city league's basketball games. Stoddard Bros. defeated the Bankers by a score of 42 to 9 and the Hall Room Boys snowed the Retailers under to the tune of 48 to 7.

In both games the winners made all their points on field goals while the losers in each case gained one of their points from the foul line. Frank Black, for the Stoddard team, made 7 field goals, Lester Stoddard 5, while John, Dave and Earl Stoddard each made 3 goals. For the Bankers Tracy Hollister made 2 goals, Richardson a field and a foul and George Porter one field. F. Scroggin failed to make any goals.

Proctor of the Hall Room Boys landed 7 field goals while Brandt, Englebrecht, Snow and Clark, who substituted for Lindley in the second half, each made four field goals. Conroe, with two field goals and Clyde Webb with a field and a foul goal, had a corner on the little scoring done by the losers.

The city league standing is now as follows:

Team	W	L	Pct.
Hall Room Boys	3	0	1000
H. S. Seniors	4	0	1000
Lumberjacks	2	1	667
Purity Squad	2	2	500
Stoddard Bros.	1	2	333
Railroad Shops	1	3	250
Retailers	1	3	250
Bankers	1	4	200

'CHAMP' PRUNE EATER FOUND

SALEM, Feb. 18.—Oregon's governor and Oregon's secretary of state

stepped forth Wednesday to do honor to Oregon's prune. The three officials engaged in a contest on the Capitol grounds for the right to claim the greatest appetite and capacity in Oregon prunes.

The governor, displaying marvelous technique and mastery skill that elicited applause from the enraptured spectators, got away to a fast start and was never headed. When time was called and the governor produced the greatest number of prune seeds, he was awarded a unanimous decision by the judges, and paraded in triumph before a motion picture camera while his defeated rivals enviously looked on. Both Secretary of State Koser and President of the Senate Ritter vehemently declared that they would appeal the decision, claiming that their prowess shaded Olcott's, but that as they had swallowed many of their seeds the box score robbed them of the victory.

ORIGIN OF WORD 'FARM' IS FOUND

CHICAGO, Ill., Feb. 18.—In this day of unprecedented farm organization and development, it is noted here that the very words farm and farmer grew out of the first "rural revolution."

As told in a history of the English people it is shown that it came about in the fourteenth century. In describing the Peasant's Revolt, 1377 to 1381, the history states: "The Lord of the Manor, instead of cultivating the domain through his own bailiff, often found it more convenient and profitable to let the manor or a tenant at a given rate payable either in money or in kind. "It is this system of leasing, or rather to the usual term for the rent it entailed (feorm, from the latin, firma) that we owe the words farm and farmer, the growing use of which makes the first step in the rural revolution which we are examining."

TWO-YEAR PROGRAM IS ANNOUNCED

(Continued from Page 1)

more leaks and increase the upkeep cost as well as threaten a shortage during the dry months because of the wastage. It is probable that Mr. Garrett will have a consulting engineer aid him in planning a water supply system that would do away with the danger of a shortage of water confronting the city every summer.
