FOR SALE OR TRADE

FOR SALE—Or trade for house or one of the timber. All features of the gathering will be the meeting face to face of the delegates representing the new Greek government under King Constantine with the former Greek Premier Venizelos for the first time since Venizelos withdrew from Greece after the defeat of his ministry in the elections and the recall of the king.

This overturn in Greek affairs was an important factor in influencing the Allies to call the conference. One of the most difficult issues confronting the delegates will be the disposition of the port of Smyrna, and the semi-circle of adjacent territory on the Aegean Sea, 100 kilometers long and 100 kilometers broad which, under the terms of the treaty, were placed under the sovereignty of Greece.

Since the signing of the treaty of Sevres, however, Turkey has demanded the abrogation of Greek rights in Smyrna as well as autonomy for Thrace. Thrace was given outright to Greece. The demand for autonomy in Thrace is made by the Turks despite the renunciation by the Ottoman government of its sovereignty over Turkey in Europe outside of Constantinople, as well as its control over eight or more islands in the Aegean Sea.

Maintenance of Turkish sovereignty over the territory awarded to Armenia is another demand of the Ottoman government which is to come up for settlement. In the treaty, it was provided that Armenia was recognized as "a free and independent state." Turkey accepted the proposal that the President of the United States should be the arbiter as to the frontier in the provinces of Ezerum, Trebizond, Van and Bitlis and as to the access of Armenia to the sea.

Modification of "the economic clauses of the treaty which infringe upon Turkish sovereignty and independence" will also be sought. The treaty of Sevres provides that the Turkish government can contract no loan, internal or external, without the consent of a permanent English-French-Italian commission, whose duties include the supervision of all Ottoman financial affairs and the reformation of the country's monetary system. This commission is also to determine the amount of the annual sums to be paid by Turkey for the cost of occupation of her territory by Allied troops.

Turkey's desire to maintain a "defensive army" will also be considered by the delegates. The military clauses of the treaty forbade Turkey to have a fleet or military airplanes and provided that all the fortifications along the Dardanelles were to be destroyed. The work of demolition is reported nearly complete. France, England and Italy were obligated to maintain an army of occupation.

NEW CREAMERY WILL BE ERECTED IN EUGENE

EUGENE, Feb. 21.—The new plant of the Eugene Creamery Association will be located on Olive street between Fifth and Sixth avenue west and adjoining the Oregon Electric freight yards. It is expected that the buildings will be erected this summer and the new plant will be in operation by fall.

R. J. GREY—Attorney and Notary. Two Daughters.

Coming as a shock to her many friends, was the death at 5 o'clock this morning of Mrs. Merton W. Kiddle, at the family home in Island City. A member of one of the old and well-known pioneer families of Union county, Mrs. Kiddle leaves a host of relatives and friends to mourn her loss.

Jessie M. Wade was born April 7, 1885, on the Wade homestead near Summerville, her parents being Mr. and Mrs. Thomas Wade, who were among the first settlers in the Grande Ronde. Later, the Wade family moved to Island City, Miss Jessie attending St. Paul's School in Walla Walla.

Besides her husband, Merton W. Kiddle, Mrs. Kiddle leaves to mourn her loss, two daughters, Eileen, aged 12, and Mildred, aged 11. Two brothers also survive, George Wade, of Summerville, and Wayne Wade, of Island City.

The remains are now at the Henry Chapel, and funeral services will be held Wednesday at 2 o'clock, at the family residence in Island City. Interment will be in the Island City cemetery. Mrs. Kiddle was a member of the Christian Science church.

NATIONALISTS ARE CONCENTRATING FOR A NEW OFFENSIVE

LONDON, Feb. 21.—The Turkish Nationalists are reported to be concentrating in great strength along the Smyrna front, for a new offensive against the Greeks, says a Constantinople dispatch.

FORCES MAKE READY TO WORK

ASTORIA, Feb. 21.—Practically every logging camp in the lower Columbia river district has a force of men at work overhauling machinery, repairing tracks and equipment, and in some instances, extending railroads into the timber, according to word received here.

The only camp cutting timber is the Big Creek Logging company near Knappa. The general plan now is for the majority of camps to resume operations about the first of March. It was declared by logging companies here this week.

MOUNTAIN IS DANGEROUS

MEXICO CITY, Feb. 21.—Popocatepetl, Mexico's smoking mountain, is in danger of violent eruption, according to a report of a commission to the national geological institute after an investigation. A column of gases, sometimes more than 2000 feet high, are arising from the crater, which is largely covered with snow.

Race of Red-Heads.
The possibility of red-headed people being "a separate race" was mentioned at a recent meeting of the Royal Anthropological Institute in London. According to F. G. Parsons, the average number of red-headed people is, roughly, four in each 100, and it is quite an aristocratic color. In London 53 per cent of the upper classes have red hair, as compared with 4.3 per cent in the lower classes. There is, says Prof. Parsons, an abnormal amount of red hair among the beauties of the southwest of Ireland.

A Hair Problem.
On the average head there are a thousand hairs to each square inch. Find out the number of square inches in your scalp and you will soon know the approximate number of hairs on it, that is, if you have a normal head of hair.

HIGH SCHOOL DEBATE TONIGHT

TWO TEAMS REPRESENT THIS CITY IN SECOND OF SEIGES.

Judges Here Will Be George Cochran, H. E. Coolidge and R. J. Green—Public Invited.

H. M. DuBois, principal of the high school, this afternoon announced the judges in the debate contest between Elgin high school and the local school this evening. George Cochran, H. E. Coolidge and R. J. Green will serve as judges. The debate will begin promptly at 8:15 in the high school and the public is invited to be present.

This is the second of the series of debates in Union county. Last week the Elgin team defeated a team from La Grande at Elgin and the Union team, which debated here that evening, defeated the local team, which debated at home. The team debating here this evening is composed of Harry Snowgrass and Willard Stone, who will defend the affirmative side of the question, "Resolved, That the Essential Feature of the Kansas Industrial Court Law Should Be Adopted in Oregon." It will be defended by the team debating for La Grande at home, while the negative side of the same question will be upheld for La Grande by Walter Stoddard and Geneva Smith at Elgin.

How Lampreys Lay Eggs.
Lampreys are eel-like residents in the ocean, that run into the fresh water at the mouth of rivers in the spring and build the nest in which their eggs are deposited. They dig out the pebbles in the bottom of the river, using the suction power of their large mouths to dislodge the stones and deposit eggs in the spot selected.

For a Disordered Stomach.

When the stomach fails to perform its functions the bowels become deranged, the liver and kidneys congested. The important thing is to restore the stomach and liver to a healthy condition and for this purpose Chamberlain's Tablets are excellent. Give them a trial. They only cost a quarter. —Adv.

WASHINGTON, Feb. 21.—Airplane patrols guarding national forests saved approximately \$25,000,000 worth of standing timber from forest fires during the last season, according to a report of the Manufacturers' Aircraft Association, made public today.

Between 500 and 1000 fires were reported by patrols from airplanes loaned to the forest service by the army air service. Most of these fires, it was said, were extinguished by ground forces working under direction of the air patrols.

Efforts are being made by the association, its officers said, to secure a larger appropriation from congress in order to carry on and extend the patrol work.

The work for the most part has been carried on in Oregon, California, Colorado and the other western states.

SNOWSTORM FOR MIDDLEWEST IS AGAIN PREDICTED

WASHINGTON, Feb. 21.—Another snowstorm over the greater portion of the territory east of Mississippi and north of Tennessee is predicted for tonight or Tuesday, following the blizzard Saturday night and Sunday, which left many places, particularly New York, practically snowbound. Nine lives are reported lost in New York as the result of the storms.

OHIO MAN IS CHOSEN FOR THE CABINET

HARRY M. DAUGHERTY, OF COLUMBUS, SELECTED BY HARDING.

IS LAWYER, LEGISLATOR AND STAUNCH REPUBLICAN

Was Chairman of the Ohio Republican Executive Committee in 1912, and Was Campaign Manager for Harding at the Chicago Convention Last Summer.

ST. AUGUSTINE, Fla., Feb. 21.—President-elect Harding has announced Harry M. Daugherty, of Ohio, as the man selected for the Attorney Generalship.

Daugherty is a lawyer of Columbus, Ohio, aged 61 years. Following his university education, he practiced law at Washington Courthouse, his birthplace, from 1881-88. He was elected to the state legislature in 1888, serving for five years. He was chairman of the state republican executive committee in 1912, and also vice chairman of the state republican central committee of Ohio. This past year, he was campaign manager for Harding at the Chicago convention.

Fletcher Is Chosen.
WASHINGTON, Feb. 21.—Henry Fletcher, former ambassador to Mexico, has been selected for under-secretary of state in the Harding administration.

CASSIDY TO PENITENTIARY

MAN WHO USED AUTOMATIC IN HOLD-UP ATTEMPT.

Must Serve From One to Ten Years For Trying to Get Away With Cash at Savoy Hotel.

Because he tried to hold up the Savoy hotel December 9, 1920, Joseph Cassidy will spend from one to ten years in the state penitentiary at Salem. This was the sentence passed by Judge J. W. Knowles in circuit court this morning. The judge determined sentence for the offense, according to the state law is from one to 20 years, the trial judge determining the maximum to be given. Cassidy used a .45 Colt automatic when he asked J. H. Staley, manager of the hotel, to hand over the cash in his register. Staley remained calm and after his refusal to comply with the cash, Cassidy got away when the police made a round-up of suspicious characters in the city, and one of the six caught in the dragnet was Cassidy. He made his confession, which he signed, the following morning.

DENIES MONEY ADVANCED TO RUSS PARTIES

SUIT BY WILLIAM RANDOLPH HEARST IS ANSWERED.

Solicitor General Denies any Intention of Advancing Money to Any Russian Government.

WASHINGTON, Feb. 21.—Answering the suit by William Randolph Hearst to enjoin the secretary of the treasury from further transactions with foreign governments, Solicitor General Frieson, in the district supreme court, today denied any money advanced to the Kerensky government of Russia is still under Secretary Houston's control. He also denied any intention of advancing funds to the Kerensky or any other Russian government.

MEMORIAL WAY TO BE GRADED

CITY AND COUNTY OFFICIALS INSPECT PROPOSED WAY.

Much Work Must Be Done In Order to Make Spruce and Other Streets Into A Fitting Boulevard.

George Garrett, city manager, and D. J. McClellan, county surveyor, this afternoon inspected the proposed route for the Victory Way, which is to be constructed in memory of Union County's fallen heroes. Mr. Garrett has already completed cross-section of Spruce street and Mr. McClellan is working on cross-sections along that portion of the road outside of the city limits.

Both the city and county officials expect to make a beautiful boulevard out of the memorial. In order to do this a large amount of work will be necessary. Along a portion of Spruce street, a ditch has to be filled up, pipe possibly being laid to take care of the water. In other places, rocks have to be removed. Practically the entire route is such that where the rocks will be planted, fills must be made.

No Hauling Necessary.

Mr. Garrett's preliminary surveys show that fills can practically all be made without hauling earth, using merely the earth cut down from the street when it is re-graded and from the banks along the sides. This will save both the city and county considerable money, as well as provide better soil than would be used for fills if the gravel and dirt from excavations were hauled.

The Neighborhood Club will plant the trees as soon as the grading has been done.

MUST SERVE SIX MONTHS IN COUNTY JAIL SAYS COURT

Six months in the county jail is the sentence given Howard Copeland by Circuit Judge J. W. Knowles this morning. Copeland having been found guilty of a statutory offense by a jury Saturday evening.

Mrs. Bernice Dyer co-defendant in the case was also found guilty and, acting on the recommendation for extreme leniency by the jury, Judge Knowles sentenced Mrs. Dyer to three months in the county jail and paroled providing that she observe certain conditions.

ROAD WOULD BENEFIT COVE

COVE PEOPLE MAY BE WITHOUT PAVED ROAD FOR SOME TIME

Good Road Could Be Obtained For This Vicinity By Completion Of Road to Highway.

It is regrettable that the paved road advertised last December, from Island City to Cove was not let. The Cove people no doubt will be without an improved road for some time to come. The completion of the road from the Reynolds Sheep Sheds, east to the Old Hunt grade, would give the Cove people an opportunity of striking the highway at the Reynolds corner. This road, we are informed, only lacks a mile and a half of being completed, and was ordered open to public travel last fall. The Cove people are probably not aware of the fact that by the completion of this road, they have three miles of pavement, a sandy road for about four miles, and in the end a much shorter road than the one they now travel.

LEGISLATORS ARE SERVING WITHOUT PAY

CONSTITUTION PROVIDES FOR SALARY FOR ONLY FORTY DAYS' SESSION.

REAPPORTIONMENT BILL UNDECIDED

Eberhard-Hall Bill Giving Cities the Right to Purchase Public Utilities and Providing For An Indefinite Franchise, Killed In Senate. Reapportionment Bill Up Today.

SALEM, Feb. 21.—Serving without pay as the state constitution provides for only a forty days' session, the legislature met today for the final windup.

The reapportionment bill, which caused a heated debate Friday, was on the senate calendar for the third reading this afternoon. At the present, the situation is all up in the air, with no chance to predict the outcome.

The senate, on reconsideration, passed the Patterson bill authorizing reimbursement to the Jacobson Construction Company for expenses incurred in defending the personal injury litigation while working under the provisions of the workmen's compensation act. Senator Eddy said he had changed his mind in favor of the bill, because it was a test case desired by the Industrial Commission.

Eberhard-Hall Bill Killed.

The senate killed the bill providing the state motion picture censorship board, and also killed the Eberhard-Hall bill giving cities the right to purchase public utilities and providing for an indefinite franchise.

The house refused to reconsider the vote by which the race commission bill passed Saturday.

BOY LEADERS MEET TONIGHT

All leaders of boys' classes and all men interested in work for boys, whether connected with classes or not, are invited to attend the meeting of class leaders to be held from 7:30 to 8:15 this evening in the Y. M. C. A., under the direction of A. Edwin Pryke, physical director of the Y. M. C. A. and leader of the boy scout organization of this city.

The meeting is for the purpose of nominating those interested in boys' work with the Christian citizenship training program which will be adopted by all the Sunday schools in the Protestant churches in the city.

The purpose of this meeting is to prepare the leaders for the work to be introduced under a new plan. The plan calls for co-ordinating the Y. M. C. A. with the existing uplift organizations, including the schools and churches, and putting the boy membership of the Y. M. C. A. on a service basis rather than on a paid fee basis. The all-round development of the boy will be in the hands of the program and efforts will be made to analyze each boy's individual needs so that the Y. M. C. A. will supply that which is most in need of development in the boy's life, whether it be the physical, social, intellectual or devotional side.

PORTLAND MARKETS. PORTLAND, Feb. 21.—The price of cattle was steady today, hogs firm, prime light selling for \$11 and \$11.25; extreme top, \$11.50. Sheep were weak, eggs unsettled and butter steady.

J'ever Hear This?

NO TIME FOR FOOLING. Charles was four fully profane, for a five-year-old. His mother, determined of heroic measures, picked up his clothing and told him he must leave home. She could not have a swearing son around the house. He looked at her dumbly, but was game. After he had trudge a block or so, he sat down on a stone wall to figure out his future. His all-but weeping mother had gone across lots to offer for sale, when she saw a stranger approach the lad. "Hello, the stranger said he is polite anyway," she said to herself. "Society," said the stranger, "can't let me the way to B. Great!" "You go to hell," said sonny. "I've got troubles of my own."

The End of A Perfect Day
