LAXATIVE for Aged People

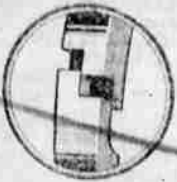

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.

BIG FALLING OFF IN TRAFFIC

FREIGHT DIVISION SHOWS 52 PER CENT LOSS LAST MONTH.

Freight Traffic Has Greatly Decreased in All Parts of the Country—Large Car Surplus.

Detailed reports of the amount of business done by the O. W. during the month of February have been received at the office of C. F. Roberts, assistant superintendent of the road here. The net decrease in business on this division over the same month of 1920 was 52 per cent. During the month of February 29,000,000 net ton miles of freight were hauled over the division, compared with 52,000,000 net ton miles last year.

The reports show that the decrease on the entire O. W. system has been slightly less than on this division. The decrease on the entire system was from 204,000,000 net tons in 1920 to 109,000,000 net tons, or 46.5 per cent. While reports are not at this time available for the entire country, the approximate falling off in business during February from the same month of last year is about 52 per cent. At the present time the daily box car surplus in the entire country runs around 400,000. A year ago there was a shortage of 100,000 cars daily. Mr. Roberts states that each box car in use is expected to earn \$19 a day. This means that today the railroads in the United States are earning \$5,000,000 less every day from freight transportation than a year ago.

ASTORIA LAYS PLANS FOR POLICE MATRON

ASTORIA, Mar. 10.—Along with other progressive cities in the northwest, Astoria is to have a police matron as a part of the personnel of its police department.

The salary of the police matron will be \$125.00 a month and she will have authority the same as other members of the police force to make arrests, while her special mission will be that of looking after the delinquents among the boys and girls of the community and to take charge of those youngsters who persist in "playing hooky" from their schools.

members of the club of "Hearts Are Trumps" invaded the grounds of the famous home of the Franciscan monks and for several weeks were busy shooting pictures around the magnificent buildings which for three centuries have been one of the landmarks of California.

San Juan Capistrano is one of the oldest of the missions established in the Golden State, and in spite of the fact that it was wrecked in a battle during the early wild days, it is well preserved and its ancient buildings form one of the most interesting relics of the days of long ago.
