

Vertigo is caused by trouble in ear. Dr. Douglas Vanoverhoff of Richmond, Va., states in the Medical Record that we must thoroughly understand that the labyrinth of the ear is the organ of equilibrium. Vertigo, from whatever cause, was essentially an ear study, and was always due to some disturbance of the vestibular apparatus.

THE PNEUMONIA MONTH.

March is a typical pneumonia month and usually gives a high rate of mortality for the disease. After a long and hard winter, the system loses much of its resistance and people grow careless. When every cold, no matter how slight, is given prompt and intelligent attention, there is much less danger of pneumonia. It should be borne in mind that pneumonia is a germ disease and breeds in the throat. Chamberlain's Cough Remedy is an expectorant and cleans out the germ laden mucus and not only cures a cold but prevents its resulting in pneumonia. It is pleasant to take. Children take it willingly.—adv.

This is the kind of testimonial we receive very frequently concerning Silverthorn's Germicide. Silverthorn's Family Drug Store, Dear Sirs: Enclosed find one dollar, for which please send me by mail one bottle of your Germicide for the scalp. Make it pretty strong. You will remember, perhaps, that I got two bottles a little over a month ago while in your drug store. I believe those two bottles have effected a permanent cure.

Sincerely yours,
GEORGE P. CRANDALL,
