I have had Eight Years' Experience in Ford Repair Shop — All Work Guaranteed.

SUMMONS.

In the Circuit Court of the State of Oregon for Union County: Gertrude Estes, plaintiff

vs.
L. E. Estes, Defendant.

To L. E. Estes, the above named defendant:

IN THE NAME OF THE STATE OF OREGON you are hereby required to appear and answer the complaint filed against you in the above entitled cause, on or before six weeks from the date of the first publication of this summons.

You will take notice that if you fail to so appear and answer, for want thereof, the plaintiff will apply to the court for the relief prayed for in the complaint herein, to-wit: that the bonds of matrimony heretofore and now existing by and between plaintiff and defendant be forever dissolved and held of naught.

You will further take notice that this summons is published once a week for six consecutive weeks, in the La Grande Evening Observer, a weekly paper published in the City of La Grande, Oregon, by order of the Hon. J. W. Knowles, judge of the above named court, which order is dated March 2nd, 1921, and the first publication of which is made on the 3rd day of March, 1921.

R. J. KITCHEN,
Attorney for Plaintiff.

FOUND A CURE FOR INDIGESTION.

"I use Chamberlain's Stomach and Liver Tablets for indigestion and find they suit my case better than any dyspepsia remedy I have ever tried and I have used many different medicines. I am nearly fifty-one years of age and have suffered a great deal from indigestion. I can eat almost anything I want to, now," writes George W. Emory, Rock Mills, Ala. These tablets contain no peppin but strengthen the stomach and enable it to digest the food naturally.—adv.

DAIRY POINTS

SWINGING CHURN IS FAVORED

Durability of Homemade Device Is Measured in Terms of Half a Lifetime.—Cost Is Small.

Consult your thinsmith, follow the specifications as outlined by Miss L. Dorman, a farmette of Mississippi, and the results will be a swing churn—a product that is at once new, sanitary, and a labor-saver. It is a homemade device, its durability is measured in terms of half a lifetime, and the cost is negligible.

For a churn of two and one-half gallons capacity, obtain a heavy quality of block tin and shape it in an 18-

This Easily Made Swing Churn Is Merely Shoved Back and Forth When It Is Filled With Cream. It Is Quickly Cleaned and Keeps Out All Dust or Dirt.

by-20-inch square. Place it on 2-inch legs, arrange a handle for each end as propellers, and carve a 6-inch opening through the top for pouring the cream.

The covering to the opening fits snugly on the inside, like an old-fashioned bucket lid. A substantial wire handle is soldered at each end of the churn, with a ring in the center. One end of a cord is passed through the ring and the other fastened to another ring, or hook, in a beam overhead.

Ready for operation, the swinging device can be adjusted to any height. A small child can operate the churn, which is shoved back and forth. The sudden impact of the cream against the churn affords the friction for making the butter.—S. R. Winters in Popular Science Monthly.

SUCCESSFUL MILK CAMPAIGN

Dairy Division Co-operating With State Organizations to Promote Consumption of Milk.

(Prepared by the United States Department of Agriculture.)

The dairy division of the United States Department of Agriculture is co-operating in campaigns to promote a greater consumption of milk, and the results so far have been remarkable. Experts of the division co-operate with the extension departments of the state agricultural colleges in organizing the work and securing the aid of local boards of health, boards of education, chambers of commerce, welfare societies, and similar bodies. The work consists of child-feeding demonstrations, lectures, published material, etc. Special work is done in schools, homes and factories.

About 35 campaigns thus far have been conducted in this manner, covering the country from Boston to Seattle. Cities having an aggregate population of over 5,000,000 have had milk campaigns lasting from one to two weeks. Careful reports show that these cities have increased their milk consumption about 16 per cent since the beginning of the campaigns.

FALL FRESHENING IS URGED

Calves Are More Easily Raised and Cows Will Give More Milk—Farmer Has More Time.

The man who had his dairy cows freshen this fall is thanking his lucky stars that most of his work is coming when he has most time to do it and when dairy products bring a higher price. Men who have had experience with both spring and fall freshening will argue that fall freshening is better because of the two advantages given here and because the calves are more easily raised and the cows in the course of a year will give more milk. Spring freshening has but few advantages despite the fact that it is the rule. The main part of the work comes during the summer, when one is busy in the field and flies annoy both cows and milker. Fall fresheners go dry in July and August, the time of year when milking cows is anything but pleasant.

KEEP YOUR HEIFER GROWING

Endeavor to Always Have Animal in Good Flesh and Never Overfeed to Destroy or Weaken.

Feed the young heifer like a little cow and on cow foods. Let calf and stock foods alone. Feed good bran, middlings, a little oil meal, clover-hay,ilage and that sort of foods keep her growing, always in good flesh, never overfed to destroy or weaken.

YOU CAN'T GET Boys Out of Trash Piles

—So let's take care of those we have now
—The "Y" is doing its part—are you?
—Every boy responds to personal touch
—Your interest in that boy means your personal touch
—The "Y" through its corps of experienced, well-trained boy experts, brings out that personal touch with YOUR MONEY, and stimulates his ambitions
—Remember, he is the "man of tomorrow"—eventually your associate; give him the best you have today.
—You can do all this through the "Y"

MEN-Great Big HE-MEN are only grown up boys-

You are a man—
You have sports, and clean sports—
You are only an older-boy—
Remember how you used to play—
Think how you like to play NOW—
Play makes health—
Brings out that strong vigor in boy—YOUTH—MAN—you admire—
Why not make it possible for YOUR boy or somebody's boy to be THAT BOY you admire?
You can do ALL these things through the "Y"

It's What You Do Today That Counts

Remember, "It's not the hits of yesterday that win the game today!"
Keep the "Y" going today, with your financial support. It will return to you, four-fold, and is "like casting bread upon the waters"
Makes you feel YOU are doing your part towards the uplift of mankind in your city—

WHAT YOU DO is what your city is doing

—You are a part of our city
—So is the Y. M. C. A.—it needs you
EVERYBODY ADMIRE ROOSEVELT
—Because of his vigorous man's-man idea of life.
—He loved boys and boy sports
—He took part in them himself
—He was a "Y" Man
—You and your boy can take the same play—because the "Y" is for MAN as well as BOY
—What it will do for others, it will do for you
—It is functioning for you
—Mr. Man, Wake up! Get in line—make your city proud of you through your loyal support of an institution well worthy of the name, THE Y. M. C. A.

BUILD for the FUTURE

—Your forefathers did that for you, as a pioneer. This great Oregon was made possible for you by pioneers who built for the future.

The cry of today is MEN--

—BIGGER MEN — BETTER MEN — STRONGER MEN—is our cry on every hand. Do your part, NOW!—the future of men is guaranteed in your city, if you throw your support always with the "Y"

-REMEMBER-

The gift with a lift is a gift to the "Y".

Your Efficiency Depends on Your Eyes

Good work needs good eyesight, because, as a chain is no stronger than its weakest link, so a man is no stronger than his weakest faculty. And now, when the quality of a man's work will play such an important part in the determination of his income, you owe it to yourself to keep your faculties alert, keen—fit for the competition of industry

DON'T WONDER WHETHER OR NOT YOUR EYES ARE EFFICIENT. Have them examined — and KNOW!

U. S. Government statistics prove that over 80% of the men examined for the army had defective vision. This should indicate that possibly your eyesight is not so efficient as it should be. Have your Eyes Examined—and KNOW—as every Live American should.
