**Ellison-White Gt Contract—**  
 A contract with the Ellison-White Chamusca circuit was signed at a meeting of the board of directors of the Grande Ronde Chamusca association yesterday afternoon. The program will be presented during early July. The Ellison-White circuit has had the contract for the local Chamusca for a number of years and this year was the first year that competing circuits bid for the business, but after thorough investigation the local board decided that the Ellison-White was the best talent presented.

The sentence in a manslaughter verdict is a minimum of 1 year and the judge sitting in the case determines the maximum. With good behavior the sentence can be cut down one-half. The prosecution and defense were both satisfied with the verdict. R. J. Kitchen, attorney for the defense, stated this morning that he believed the verdict was fair and is satisfied with the verdict. Ed Wright, prosecuting attorney, and F. S. Ivanhoe, while they were not interviewed this morning, are also satisfied with the verdict, according to statements of their friends.

**OLD FORDNEY EMERGENCY BILL FAVORED**

**OPERA "PRISCILLA" A SUCCESS FROM MUSICAL SIDE**

The second and last performance of "Priscilla," the high school opera, was given Saturday evening at the high school auditorium. The house was packed, as at the first performance, and much favorable comment was made on the splendid training the principals and the choruses showed in their work. The blending of the voices in the chorus was remarkable, the voices showing a sweetness and clear enunciation that speaks well for their training. The opera was produced under the direction of Miss Francis Birney, assisted by Miss Frances Smith, both of whom are to be congratulated on the splendid showing made by the boys and girls.

**MRS. BRYAN PASSES AWAY**

The body of Mrs. J. M. Bryan, whose death occurred at the Grande Ronde hospital yesterday, will be shipped to Montpelier, Idaho, this evening on train number 18. **NO AD CLUB MEET TUESDAY**

There will be no Ad Club luncheon tomorrow noon. Instead of the Tuesday luncheon the regular luncheon will be held on Thursday noon at the Foley hotel. The reason for this change is that a program with several out of town speakers have been arranged for that date, one of the speakers not being able to come on any other date.

The program as planned by Sherwood Williams, chairman for the day, will include three good speakers, H. S. Hudson, of Portland being the chief speaker. Several musical numbers will also be provided.

**IMPORTANT QUESTIONS UP**

At the meeting of the board of directors of the farm bureau Saturday

evening it was decided to hold several meetings at a number of the branch organizations this week and early next week. A meeting will be held Friday at Cove and another meeting will probably be held at Alice or Union this week, the third meeting to be held next week.

At these meetings one of the questions that will come up for discussion will be that of ordering distillate, sulphur for alfalfa, and nitrate of soda for orchards, in carload lots. A large number of farmers already have their orders in and it is expected that a definite estimate will be possible as to the amount of these supplies that will be necessary this spring after the three meetings planned have been held.

Another matter that will be brought up at these meetings will be the prices farmers are being paid for their livestock. Much dissatisfaction exists among farmers in the county because about the highest they get for their stock on foot is 5 cents a pound, and many have reported sales at 3 and 2 cents a pound. In spite of these low prices retail customers are paying practically the same price that was paid while prices for stock were high.

At the meeting of the directors Saturday the matter was informally discussed, but President Frank McKennon and several other members being absent, no action was taken in the matter.

**EGGS ARE NOW TWENTY CENTS IN PORTLAND**

PORTLAND, Mar. 21.—The market price of cattle was firm today, choice steers \$8 to \$8.50; hog 25 cents higher, prime light \$12 and \$12.35; sheep weak, eggs demoralized, the buying price being 20 cents; butter steady.

Wholesalers are offering 20 cents a dozen for eggs, and are retailing them at 28 cents.

First Studies of the Human Body. Early studies in human anatomy were conducted under many difficulties. Aristotle was among the first to study the human body, about 350 B. C. Through all the years there was objection to dissection of bodies to verify facts, and when Titian designed and had completed the first anatomical plates they were destroyed by Vesalius, about 1538.
