THE PNEUMONIA MONTH.

March is a typical pneumonia month and usually gives a high rate of mortality for the disease. After a long and hard winter, the system loses much of its resistance and people grow careless. When every cold, no matter how slight, is given prompt and intelligent attention, there is much less danger of pneumonia. It should be borne in mind that pneumonia is a germ disease and breeds in the throat. Chamberlain's Cough Remedy is an expectorant and cleans out the germ laden mucus and not only cures a cold but prevents its resulting in pneumonia. It is pleasant to take. Children take it willingly.—adv.

SALEM, Mar. 19.—At least four counties in the state are planning to call special elections in the near future to enable the people to pass on the question of adopting the county unit system of administration and taxation for school affairs. The counties that have signified their intention of voting on the question are Benton, Sherman, Crook and Umatilla.

The state department of education has submitted to Attorney General Van Winkle the question whether the question can be voted on at the special election called by the legislature for June 7.

The act reads that "The county court of any county at any general or special election in the county may, or upon the petition of not less than 100 legal voters of the county, shall submit to the legal voters of the county the question whether this act shall become effective in said county; provided, that the county court of

any county in the state may, or upon the presentation of a petition of not less than 100 legal voters of the county, shall call a special election for this purpose, to be held on the first Monday in October, 1921."

Court room in La Grande, Oregon, as the time and place for hearing such final account and all objections thereto.

Chamberlain's Cough Remedy—Nothing So Good for a Cough or Cold.

"Everyone who has used Chamberlain's Cough Remedy speaks well of it," writes Edward P. Miller, Abbotstown, Pa. People who once use this preparation are seldom satisfied with any other. It is excellent to allay a cough or break up a cold.—adv.
