

WELL DESIGNED HOME FOR FARM

Comfortable Frame House With Stucco Foundation.

WILL KEEP YOUNG AT HOME

Attractive Home Shown Below Contains All the Modern Conveniences of a City Home—Fitted With Labor-Saving Devices.

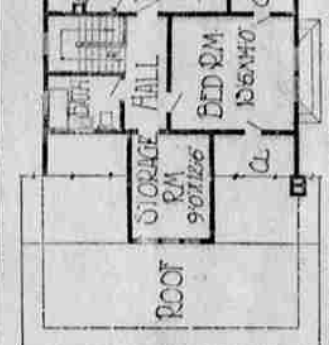

By WILLIAM A. RADFORD.
Mr. William A. Radford will answer questions and give advice FREE OF CHARGE on all subjects pertaining to the subject of building for the better of the paper. On account of his wide experience as Editor, Author and Manufacturer, he is, without doubt, the highest authority on all these subjects. Address all inquiries to William A. Radford, No. 1871 Prairie Avenue, Chicago, Ill., and only enclose two-cent stamp for reply.

"What can I put into the house that will make it as comfortable and attractive as any home in the city?" That is the question the progressive farmer asks when he starts to build a home. That is the question that should come to the mind of every farmer. If it did we would hear a great deal less about "back to the farm" movements, "keep the boys on the farm" agitation, etc., because there would be no need for any such propaganda. Comfortable farm homes would be the most effective propaganda that could be devised.

It goes without saying that much of the movement to leave cities is due to this one cause, poor home conditions. The farm home has in many cases been constructed in the only way, even the housewife or man. What is the intimate reality? The wife is preoccupied with work in rural surroundings, the children be-

and 13 by 13 feet. To the left is a bedroom, 12 feet 6 inches by 12 feet, convenient for the blind help. In case this bedroom is not needed the partition can be taken out and the entire front of the house made into one large living room.

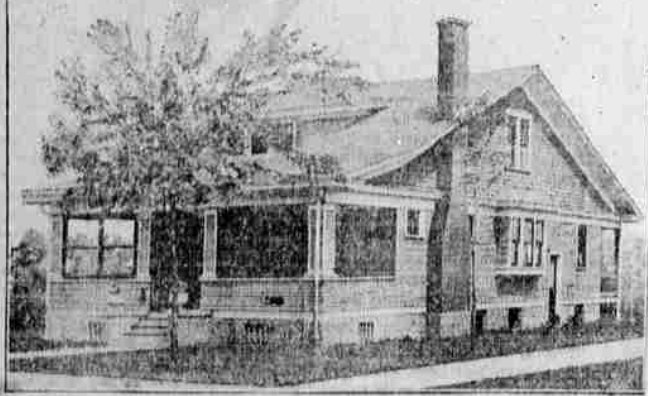

Identical in size and shape with the living room, and directly in rear of it, connected by an open doorway is the dining room, which is lighted by a half-hay window on one side. It

comes into a small hall on one side and into the kitchen at the rear. The kitchen is small in keeping with the trend in modern homebuilding, and although a small room, one of the essential features of the real farm home. This extra room is provided for the main cooking in from the fields and barnyard, and the kitchen, which the wife needs for preparing the meals. A small lavatory is also located on the lower floor.

The upper floor, or half-story, is

divided into a bedroom, bath and storage room. The latter can be very easily converted into an additional bedroom by the use of some wall-board and a few hours' work. Otherwise it is very convenient for storing clothes out of season. There are two bedrooms on this floor, one 13 feet 6 inches by 14 feet, the other 13 by 12 feet.

There is every reason in the world to believe that this home will help in keeping the farm family together. More of them are being built every day.

NO SNAKE QUITE HARMLESS

French Biologists, Through Experiments, Have Proved That Blood and Saliva Produce Toxic Effects.

Only snakes with poison fangs have been regarded as dangerous, but certain French biologists, especially Dr. C. and Maurice Marie Phisatz, have found reasons for believing that the blood and saliva of all serpents may produce toxic effects. The venomous action has been demonstrated by experiments on birds, guinea pigs, rodents, and humans, with the secretion of the parotid glands of certain colubrids, contact and injected harmless snakes, and with the blood of snakes of this order that do not have parotid glands. The effects were analogous to those from the secretion of the parotid glands of cobra, vipers and rattlesnakes. In both cases two kinds of venom are found. Mucus venom, from the mucous glands extending chiefly on the abdomen, exerts a paralyzing action, and when injected into the body produces a stupor with a sudden attack of paralysis. Two rabbits were killed by water in which a common edible green frog had been washed. Granular venom, from the larger granular glands existing only on the back, is a very active poison in some species, and gives rise to such symptoms as terror, hallucination, vomiting and convulsions.

Dreaming of Hair?

For a man to dream his hair is long like that of a woman signifies a weak mind and a cowardly nature, also deception will be practised of which he will be the victim. To dream you have short black curly hair is a sign of secret sorrow. To have red hair is an evil omen to all except barbers and hair dressers, to whom it promises an increase in business. White hair, honest and wealth. To dream your hair falls out is a sign of approaching evil, loss of a friend. Smooth, well-combed hair signifies happiness and the ending of an old misunderstanding between friends. Disordered, tangled hair signifies deep grief. To dream the hair is longer and darker than usual, increase of wealth.

Forget Conferring a Favor. He who confers a favor should at once forget it if he is to show a kindly, ungenerous spirit. To remind a man of a kindness conferred on him and to talk of it is little different from reproach.—Demosthenes.

Brings Character Development. To be thrown on one's own resources is to be cast on the very lap of fortune, for our faculties undergo a development and display an energy of which they are previously unsusceptible.—Franklin.

KIDNAPED AND RESCUED

This is Mrs. Gladys W. Withersell, whose kidnapping by two of her college created great excitement in and about Los Angeles. Through the clever work of some telephone girls, she was found in a lonely cabin, unharmed, and the kidnapers were captured. Mrs. Withersell is holding her baby boy.

VISITOR IN WASHINGTON

Among recent visitors in Washington were a number of leaders of the Apache Indians, who live on the reservation in Arizona. Their chief, who was with them, is Wallace Altam, whose portrait is given above. The Indians desired to watch the workings of the government machine.

DO YOU WANT HIS JOB?

How would you like to have Harry F. Altam's job? Harry is the government custodian of all seized furs and stills in the Chicago district. He has some \$5,000,000 worth of good furs, and 57 varieties of stills in his keeping, and not only that, but each day he is adding to this large stock.

Lower Farm Implement Prices

THE BREAK HAS COME. FOR SOME TIME PRICES PAID FOR YOUR FARM PRODUCTS HAVE BEEN FALLING. IT IS BUT NATURAL FOR YOU TO WANT LOWER PRICES ON THE FARM IMPLEMENTS USED IN PRODUCING YOUR CROPS.

Announcement is made by the Oliver Chilled Plow Works of a special price reduction on their line of best quality plows to the basis of 1918. They are the first to make this reduction and are giving the loss to the farmer.

A good word for Violet Cream and Silverthorn's Germicide, the Silverthorn's Family Drug Store, La Grande, Oregon.

Gentlemen: Please mail me 4 bottles of your Germicide, for the scalp and hair—the extra strong. Two bottles for myself and two bottles for a friend of mine. It is the only scalp and dandruff cure I have ever tried that so completely does the work. In six weeks I am practically cured of this trouble that has given me so much worry and cost me so much money. I am telling all my friends of this.

You will also include two bottles of your Violet Cream, for my wife. She says it is not only the best, but the least expensive of all face and hand lotions. For the Germicide, 4 bottles, \$1.50; for the 2 bottles of Violet Cream, 84c—enclosed check for same. Mail at once, please.

Stiff? Sore?

A lame back, a sore muscle or a stiff joint often is considered too lightly by the sufferer. It should be remembered that backache, rheumatic pains, stiffness, soreness, shallow skin and puffiness under the eyes are symptoms of kidney and bladder trouble—and these certainly should not be neglected.

A Friend of the Family

Over fifty years ago a young physician practiced widely in Pennsylvania and became famous for his uniform success in the curing of disease. This was Dr. R. V. Pierce who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called his "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective, and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks without alcohol—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Introduce pure red blood into the system, and health is assured. When you feel run-down, out of sorts, blue and despondent try the energizing influence of this reliable tonic. You can obtain Golden Medical Discovery in tablet or liquid form at all drug stores, or send 10c for a trial package to Dr. Pierce's Laboratory in Buffalo, N. Y.
