LICENSELESS AUTOS BARRED

ALL DRIVERS MUST HAVE LICENSE PLATES

W. J. Rook was fined \$2.50 in municipal court Monday morning for driving without license plates. Rook was arrested last week and in court this morning explained that he is an employe of Hilton's garage and that it had been understood that purchasers of cars, Rook having just purchased his machine, could drive their cars until the plates came if they paid the license.

Judge R. J. Kitchen announced that he could not dismiss the case without a fine but, because every indication was that the defendant had unwillingly violated the law, he made the fine only \$2.50. However, he stated that in the future heavier fines would be imposed.

Lee Warnick, sheriff, announced today that his office had never made any announcement that drivers would be exempt from arrest if the license had been paid but no plates had yet been received. He stated that he would notify all garages of the attitude his office is taking in this matter so that no further misunderstandings will occur. Chief of Police Roy Flexer takes a similar attitude.

Just a continual pound and an every day push is what is necessary to make a soda fountain successful and appreciated. This is our motto, and with a hope of putting up most perfect Sundaes and Ice Cream concoctions such as all people like, is what must make our fountain popular.

PASSION PLAY IN TWO YEARS

OBERAMMERGAU, Bavaria, Apr. 5.—The village elders of Oberammergau have voted to enact the Passion play in 1922. The last presentation was given in 1910.

The peasants who portray the sufferings and death of Jesus Christ in fulfillment of a vow made in 1634 to present the Passion play every ten years as an expression of gratitude for having been spared from a plague, were unable to enact it in 1920 because of unsettled conditions and the havoc which the war wrought among the performers and musicians.

WHEAT ASSESSED AT 80 CENTS PER BUSHEL IN UNION COUNTY

Wheat held by farmers on March 1 is being assessed at the rate of 80 cents a bushel, according to David Proctor, county assessor. At first a 90 cent a bushel rate was agreed on, but the unsteadiness of the market resulted in a decision to reduce the assessed valuation to 80 cents a bushel.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits.

Instead of having to clamber up on a chair, straining and puffing, with a heavy sack of flour to fill the bin, you merely pull the Sellers Automatic Flour Bin down level with the work table. You fill it with absolute ease. Then a quick movement unlocks it and it slips quietly up into place. This single, long-wanted improvement is welcomed by women everywhere as a godsend. Any physician will approve it.
