LEADING AUTHORITIES NOW SHOW JUST WHAT TANLAC REALLY IS

Physiological Action of Principal Ingredients of Celebrated Medicine on the Human System is Explained.

SUPREMACY CLAIMS WELL SUPPORTED

Many of the Medicinal Elements Have Been Known and Used Since Civilization First Began.

Tanlac, the celebrated medicine which has been accomplishing such remarkable results throughout the country and Canada, is composed of the most beneficial roots and herbs known to science. The formula is purely ethical and complies with all National and State Pure Food and Drug Laws. Altogether, there are ten ingredients in Tanlac, each of which is of recognized therapeutic value.

Many of these ingredients have been individually known and used since civilization first began, and some of them have been used and prescribed by leading physicians everywhere, but until they were brought together in proper proportion and association, as in the Tanlac formula, humanity had not heretofore realized their full value and effect.

In referring to one of the more important ingredients of Tanlac, the Encyclopedia Britannica says: "It has been the source of the most valuable tonic medicines that have ever been discovered." In referring to others of the general tonic drugs contained in Tanlac, the 12th Edition of Potter's Therapeutics, a standard medical text book, states that "They impart general tone and strength to the entire system, including all organs and tissues."

This same well-known authority, in describing the physiological action of still another of the ingredients of Tanlac, which is of value in treating what is commonly known as a "run-down condition," uses the following expression: "It is highly esteemed in loss of appetite during convalescence from acute diseases."

There are certain other elements in Tanlac, which, because of their influence upon the appetite, digestion, assimilation and elimination, improve the nutrition and vital activity of the tissues and more important organs of the body, and produce that state of general well-being which is called Health.

The United States Dispensary makes the following comment regarding another ingredient: "It may be used in all cases of pure debility of the digestive organs or where a general tonic impression is required. Dyspepsia, atonic gout, hysteria, and intermittent fever are among the many affections in which it has proven useful."

There are certain other ingredients described in the Dispensary and in other standard medical text books as having a beneficial action upon the organs of secretion, whose proper functioning results in the purification of the blood streams passing through them. In this manner objectionable and poisonous ingredients of the blood are removed and the entire system invigorated and vitalized.

Tanlac is designed primarily for the correction of disorders of the stomach, liver and bowels. At the same time, however, it is a powerful reconstructive tonic and body builder, for it naturally follows that any medicine that brings about proper assimilation of the food and a thorough elimination of the waste products must, therefore, have a far-reaching and most beneficial effect upon the entire system.

Although Tanlac's claims for supremacy are abundantly supported by the world's leading authorities, it is the people themselves who have really made Tanlac what it is. Millions upon millions have used it with gratifying results, and have told other millions what it has done for them. That is why Tanlac has become the real sensation of the drug trade in this country and Canada, and that is also why it is having the largest sale of any medicine of its kind in the world today.

THEATRES

WALLACE REID IN "DOUBLE SPEED," AT SHERRY'S LAST DAY

The picture at the Sherry theatre this week is packed full of breezy comedy and surprises. Wallace Reid is the star, and the film is called "Double Speed."

Handsome Wallie is "Speed" Carr who on the way from New York to the West Coast is robbed of his car and his funds and arrives at his destination resembling a hobo. That doesn't bother Wallace much, as he soon becomes the chauffeur for a beautiful lady and marries her, after he has given her father, a bank president, heart failure on account of his part in a financial transaction the latter is attempting to put over. Also showing a comedy.

WILLIAM FAVERSHAM AT ARCADE THEATRE, STARTING THURSDAY

William Faversham, in his second big Solznick Picture, "The Sin That Was His," will be the feature attraction at the Arcade theatre on Thursday, Friday and Saturday.

This story, by Frank L. Packard, has as its central figure a gambler called "Two Ace" Raymond, once educated for the priesthood, but at

the time the story opens he has drifted so far he is a cold and cynical atheist. A dying pal entrusts him with a bag of gold to be delivered to his mother in St. Marlett, Quebec, and Raymond starts off on his mission.

Arriving at the designated place he is met by the brother of the dead man, who attempts to secure the gold. In the ensuing struggle the man is shot and killed by his mother. In desperation, Raymond changes clothes with Fr. Aubert, who is then accused with the shooting. In the days that follow the constant association with the better things of life effect a transformation in Raymond's very soul, and the story comes to a close in a climax that has seldom been equalled for dramatic power.

Health

Comes to you and the children if you have Dr. Pierce's Golden Medical Discovery in the house. For "little-ones" and "grown-ups" this old-fashioned vegetable tonic and blood-maker is still used by the million bottles every year. It was first used by everybody 50 years ago and is still safe and sane because it contains no alcohol or narcotic. It is made up of Blood root, Oregon Grape root, Queen's root, Stone root, Cherry Bark, without alcohol. Make your blood redder and your health better by going to your nearest druggist and obtaining Dr. Pierce's Golden Medical Discovery in tablet or liquid form.

WALLA WALLA, WASH.—"When I had the measles I went out a little too soon and took cold on my lungs. I had sharp pains. I took some medicine that I got from the drug store but nothing did me much good until I took a bottle of Dr. Pierce's Golden Medical Discovery. It did me great good. The 'Discovery' has done my mother and father lots of good, too, for neuralgia."—Miss FLORENCE BOOSE, Linden St., Route 3, Box 8.
