Monday evening has been designated as "Fix'er Up Night" at the Methodist Church, when the men of that congregation will again assemble with shovels and rakes, and put the north lawn of the church in repair. The work will start at 5 o'clock.

Lots of Snow in Wallawa

While a little snow has fallen in La Grande during the last week the people up in Wallawa county have experienced much more snow. Yesterday morning over an inch fell in Enterprise, according to reports reaching here. However, it did not stay on the ground long, melting by afternoon.

Goes to Pendleton

Harry G. Avery, county agricultural agent is spending today in Pendleton conferring with Fred Bension, county agent of Umatilla county, on the wheat marketing plan suggested at the American Farm Bureau Federation meeting in Chicago last week. Mr. Bension attended this meeting and Mr. Avery expects to report to the local farm bureau regarding the feasibility of the local farmers joining the national organization.

Repairs at City Hall

During the week the recorder's office on the lower floor of the city building was materially improved by the laying of new linoleum in the lobby and in new top being placed on the counter over which business is transacted. The counter is now splinter-proof, plate glass making the writing out of checks when paying bills safer than when the old wooden top was used, with always danger that one would carry off a few splinters under the fingernails.

Mrs. Bruce Cox, of La Grande, is among the women who contributed a large number of books to the public library at Wallawa last Saturday when an annual tea was given for the benefit of the library. A total of 109 books was contributed by the library and \$12.00 in cash. The library was founded by the Ladies' Progressive club of that enterprising Wallawa county town and gradually, since

Survey Begins Soon

A party of engineers from the local division office of the engineering department of the state highway commission will begin the location survey between here and Elgin in a day or two. The survey is to begin at Elgin, the party working towards La Grande.

Literal Youngster

Jack was being taught by his religious mother some things she thought he ought to know. Among other subjects God and His omnipotence were spoken of. It seemed hard to the boy to think God could be everywhere at once and especially disturbing to find out that He was dwelling inside him. The little fellow, however, took his mother at her word, and soon after at the supper table, as he was about to partake of some hot soup, said: "Look out, God, there's some hot soup comin'."

Doctrine of Reincarnation

The doctrine of a previous existence being made manifest to the individual is very old, and certain sects, especially in the Far East, believe that man experiences many incarnations, carrying the memory to a greater or less degree from one incarnation to the other. Theological writers have taken up this strange state of feeling as an evidence that our mentality had an existence before our present bodily life—souls being created from the beginning.

Farm Machinery Imperative

While it is impossible to determine the extent that modern farm implements have increased the production per acre, it is certain that it is only through their use that the large increase in population has been supported and sufficient labor liberated to permit of the present manufacturing and commercial activities in our towns and cities, and yet provide sufficient food with which to sustain the race. With the implements in use 90 or 70 years ago, no such condition of development as maintained today is thinkable.

Calling in Cairo

Englishmen who do not know Cairo sometimes take houses to rent and undesirable parts of the city. In "Egypt as We Knew It" Mrs. E. L. Butler amusingly describes how hard it is to find a person who has this gone astray. Her husband, she says, wrote to a doctor for the address of some friends whom she knew he had attended. Here is the doctor's answer: "The M— lives in a house without a number in a street without a name next door to an Armenian butcher who, I think, has no sign, west of Abidin palace! The staircase has eighty-seven steps."

Advice

We hand this out and ask no price—And know that you'll forsake it. For you must change for your advice—if you want folks to take it.—Arkansas Thomas Cat.

Sleeping Sickness.
Medical experts disagree in their conclusions as to the exact nature of "sleeping sickness." Some forms of "sleeping sickness" are not unlike brain fever, while others indicate symptoms much similar to spinal meningitis. Physicians advise caution against undue exposure to the disease until more exact knowledge of its cause is ascertained.

More Light on the Adam Family.
Referring to the recent statement of a scientist that the Garden of Eden was located in Ohio, we are reminded of the Scotch lord who told a famous singer that Gaelic was the language of Adam. The singer afterward spoke laughingly of the claim to agomer Scotchman, who remarked "all so oldness." "The laird was quite rich," Dinna ye ken that the Garden of Eden was in Scotland? Dinna ye ken that Adam's name was McIlbrison?"—Boston Transcript.

hoop skirts were worn by those who first asked the druggist for, and insisted on having the genuine Favorite Prescription put up by Doctor Pierce over fifty years ago.

Dr. Pierce's Favorite Prescription has changed very much since then! But Dr. Pierce's medicines contain the same dependable ingredients. They are standard today just as they were fifty years ago and never contained alcohol. Beauty depends upon health. Worry, sleepless nights, headaches, pains, disorders, irregularities and weakness of a distinctly feminine character in a short time bring the dull eye, the "crow's feet," the haggard look, drooping shoulders, and the faltering step. To retain the appearance of youth you must retain health. Instead of lotions, powders and paints, ask your druggist for Dr. Pierce's Favorite Prescription. EAST OAKLAND, CAL.—"I have used Dr. Pierce's Favorite Prescription at different times for over twenty-five years, and it has never failed me. One time I took it when troubled with inflammation and it soon helped me. At another time I took it for severe pains in my right side; the 'Favorite Prescription' again helped me out, and I was soon well and strong. I can always depend upon it."—Mrs. A. E.
