A FARMER CURED OF RHEUMATISM.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Liniment and told him to use it freely," says C. P. Rayder, Patten Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar, saying, 'give me another bottle of Chamberlain's Liniment; I want it in the house all the time, for it cured me.'"—adv.

Growing Old Gracefully

Are you growing old gracefully? Who wins in the race of life? Is it the man who is thin, blooded, weak, tired all the time?

An athlete trains for every race. A man is as strong as his blood and as old as his arteries. Make your blood redder, your health better by taking that old-fashioned blood tonic—sold fifty years ago and still "good as gold"—namely, Dr. Pierce's Golden Medical Discovery. Sold by all druggists, or send Me. to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for a trial package.

SAN FRANCISCO, CAL.—"There is nothing so helpful to old people whose kidneys are weak and who are all run-down and need a tonic something to give them an appetite" as Dr. Pierce's Golden Medical Discovery. My father-in-law took it and was greatly benefited; it seemed to put new life in him."—MRS. JOHN JACKSON, 1703 Oakdale Avenue.

FORMER PROFESSIONAL NURSE ENDORSES IT

Graduate of Bellevue Hospital, New York. Expresses Gratitude to Tanlac for Wonderful Results She Obtained From Its Use.

One of the latest to add her name to the long list of Tanlac endorsements is Mrs. Lily A. Lorentzen, 885 Faxon Ave., San Francisco, who, before her marriage, was a trained nurse, a graduate from Bellevue Hospital, New York. Mrs. Lorentzen has a host of friends and acquaintances and her statement, coming as it does from one who has had so much experience in relieving suffering will be read with wide interest.

"Twenty-six years ago," she said, "while on a visit to the country, I had a severe sun stroke and was down in bed for a year and eight months after that, and had to be fed artificially all that time. As a result, my stomach was left all upset, my appetite was almost gone and I suffered with awful pains and cramps. At times I just cried out, I was in such misery, and I would bloat up so bad I could hardly stand it. "I grew worse each year and finally was operated on. But I didn't improve, and I couldn't sleep well, as I was nervous and restless and worried all the time. My back ached awfully and I often broke down completely from weakness and would have to go to bed. "That was my condition when I

began taking Tanlac a few months ago, and it was one of the greatest joys of my life, as it restored my health perfectly. My appetite returned and the stomach trouble and nervousness left me and I felt splendid in every way. "Then, some time ago, our house caught fire and we were burned out, and the excitement of it all unnerved me and set me back. Knowing how well Tanlac helped me before, I started right back to taking it again and it wasn't long until I was feeling well and strong once more. I am in splendid health again and just can't tell how grateful I feel to Tanlac for all the good it has done me."

PREVENTATIVE MEDICINE

The tendency of medical science is toward preventative measures. It is easier and better to prevent than to cure. Pneumonia, one of the most dangerous diseases that medical men have to contend with, often follows a cold or attack of grip. The cold prepares the system for the reception and development of the pneumonia germ. The longer the cold hangs on, the greater the danger. Take Chamberlain's Cough Remedy as soon as the first indication of cold appears so as to get rid of it with the least possible delay. It is folly to risk an attack of pneumonia when this remedy may be obtained for a trifle.—adv.
