Cameras.

A camera that is just right is what we want to sell you. One that is always in good order. The kind that you waste no films with is always worth your while to buy and is always the cheapest and best. We take great pains in telling you the good and bad points in a camera that we may offer you—not every camera is perfect—a \$5.00 camera cannot be as good as a \$10.00 camera, and a \$20.00 camera is always better than a cheap one. We have a large stock of films and supplies. We develop and print your films, we enlarge pictures and color them. Please let us do your work for you and be pleased. **Silverthorn's Family Drug Store.**
