Why We Advertise

We advertise because we believe in advertising. Even life in this important day is one continuous advertisement, advertising is necessary to every progressive business firm in order to reach the trade. The price we are paying for this space in which we state our belief would be money wasted unless we were firm in our convictions. Just so you will find all our advertisements backed up by an honest belief that we have first-grade merchandise and courteous service. We advertise because we have the goods to sell, of quality fully standardized, allowing service guaranteeing satisfaction and it will pay you to watch our advertisements because you can depend that they are true and that the goods we advertise are all we claim for them. Moreover when we advertise a bargain or a special low price, experience will teach you that our claims are not "fancy."

Bears Are Doglike

The well known extinct cave bear of Europe belongs to the last named group, and was a species of immense bulk.

Peat is Full of Chemicals

Aside from its value as fuel and its use in agriculture, peat has a score or more of uses, and its field is being constantly widened. A long list of chemicals are extracted from it. These include ammonia, methyl alcohol, acetone, acetic acid, pyridine, monophenols, a gasolene-like spirit, some neutral oils, paraffin wax, tar and dyes.
