The Needless Misery That Women Bear

WHEN the household cares and the worries of everyday life have dragged you down, made you unhappy, and there is nothing in life but headache, backache and worry, turn to the right, prescription, one gotten up by Doctor Pierce over fifty years ago.

Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all thru treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intented for backache, headache, weakening pains, and for many disorders common to women in all ages of life. Sold by druggists in tablet and liquid form. Send Dr. Pierce 10c. for trial package.

FRIENDS SEE CHANGE IN THIS OAKLAND MAN

A. G. Fuller Says Tanlac Has Restored His Health, and He Has Gained Thirty-Five Pounds in Weight.

"My friends all seem astonished at the wonderful change that has taken place in my condition in so short a time," said A. G. Fuller, an expert accountant of 2071 62nd Ave., Orkland, Calif.

"Following an attack of the 'flu' in 1919, I found myself in an awful rundown condition. My stomach, which had troubled me for three years, became very much worse and for two months I suffered frightfully. I rarely ate at all during that time and fell off thirty pounds in two weeks.

"I was also suffering from loss of energy and general weakness, and this, as well as the stomach trouble, became much worse. Gas would form on my stomach, causing awful pains and a feeling of suffocation. I was badly constipated and in such misery that I would often roll and toss all night long in my bed. I was so weak and nervous that it was only with great effort that I could do my work.

"My mother persuaded me to try Tanlac and my weight increase was thirty-five pounds—a gain of five pounds above my usual weight—in thirty days. I can eat anything now without a sign of indigestion, my nerves are back to old-time form and I am enjoying life and good health as I have not before in years."—Adv.

THE HOME GARDEN

What is Home without a Garden?

Petunias

For porch and window boxes and for gay beds which will hold their display until frost kills them, there is no annual to compete with the petunia, particularly the small-flowered bedding varieties with their myriad bloom.

There are wonderful giants with their frilled and ruffled flowers, which are more showy individually, but they lack in freedom of bloom and sheets of color and are better

for individual specimens or for beds by themselves.

The bedding petunias make a solid sheet of color. Two of the finest of these, because of their purity and delicacy of color, are Rosy Morn and Countess Ellsmere, much alike in their delicate rose, white-throated bloom, but the latter is of more rampant growth.

The Howard Star petunias are beautifully varigated and make a very showy bed.

For window boxes three petunias inclined to trailing habits which will droop artistically over window boxes are Balcony White, Balcony Rose, and Balcony Blue. There are no finer subjects for porch and window boxes than these three and their culture is simple. A packet of seed will furnish enough petunias to decorate the windows of a fair-sized building.

They can be sown out doors as soon as the weather is settled and transplanted very easily about a foot apart and they will soon make a solid mass. They begin to bloom when the plants are small and each inch of growth merely enlarges the blossoming surface. Cut back in the fall and potted up they make fine house plants.

Where Manure Works

Manure in the top two inches of soil does little good for the plants in the vegetable garden if the gardner is properly on the job. The top two inches are for other purposes.

Spade the manure in deeply when you prepare the ground for the vegetables.

The top two inches are reserved for cultivation and to establish a dust blanket or finely pulverized mulch to retain the moisture by preventing too fast evaporation. Frequent stirring tends to send the roots downward where they will be cooler and find more moisture and nourishment.

Commercial fertilizers which are spread upon the surface and hoed in are conveyed to the plants by rain or artificial wattering carrying them down where the roots may get at them. Spade in the manure where the roots can get at it and hoe the top soil. The vegetables will then do their duty.

Only For Women.

We say "women only" because we realize that to women generally is conceded greater refinement in facial delicacy than the gentleman. We are sure that every woman will be particularly pleased with our cold cream. For the many uses to which cold cream is put, our Cold Cream will meet every requirement. Every single ingredient that enters into its manufacture is selected for high quality and purity. It keeps indefinitely. It does not turn sour or rancid. For its softening, soothing qualities it is without an equal. Women of refinement should have this necessary toilet requirement. 4-28-tf

THE REASON FOR OUR SUBSTANTIAL GROWTH IS OUR SUBSTANTIAL SERVICE

You Can Write a Book

When someone asked Mark Twain which was his favorite of all the books he had written it took him just about half a second to answer, "My Bank Book"

Everyone can write a book—not like Huck Finn, perhaps—but on the style of Mark Twain's favorite, the true story of one who keeps his money matters in good order and does not forget tomorrow in the excitement of today

Your bank book tells your story. Perhaps our officers can help you make it good reading
