"KISMET" IN PICTURES STRONGER THAN PLAY

As on the stage, the action in the screen version of "Kismet" which will be shown for two days at the Arcade beginning Friday, covers but a single day.

To perfect the illusion of time, from the first faint streaks of dawn to the blue velvety depth of night, "Tony" Gaudio, the cameraman, introduced many new and novel lighting effects, which will mark a distinct milestone in the art of motion picture photography.

Special attention should be taken of the starting time of this mammoth production, as the best enjoyment of a photoplay comes in seeing it from the start.

Only one show will be given in the afternoon, starting at 2 o'clock. Two performances will be given at night, the first starting at 7:15, the second at 9 o'clock.

AT SHERRYS, THE "TOLL GATE" LAST SHOWING TODAY

After all, there is no one like William S. Hart, to portray a red-blooded "two-gun" role in a picture about the West of the olden, golden days. Such a photoplay is "The Toll Gate," which was enjoyed by a large audience at the Sherry Theatre last evening, with the comedy, "Mary's Merry Mix-Up."

Your Efficiency Depends on Your Eyes

Good work needs good eyesight, because, as a chain is no stronger than its weakest link, so a man is no stronger than his weakest faculty. And now, when the quality of a man's work will play such an important part in the determination of his income, you owe it to yourself to keep your faculties alert, keen—fit for the competition of industry.

DON'T WONDER WHETHER OR NOT YOUR EYES ARE EFFICIENT. Have them examined—and KNOW!

U. S. Government statistics prove that over 80% of the men examined for the army had defective vision. This should indicate that possibly your eyesight is not so efficient as it should be. Have your Eyes Examined—and KNOW—as every Live American should.
