### One Stick

One stick of pine wood was all Dan Galvin of Paducah, Ky., used in carving these six interlocking wooden rings with chains of three links attached to each ring.

### Different? Read this

Ordinary insulation sometimes carbonizes: Threaded Rubber Insulation never does.

Ordinary insulation has to be replaced at least once during the life of the battery.

Threaded Rubber Insulation is on the job as long as you use the battery. It's the kind selected by 136 manufacturers of passenger cars and trucks.

### SIX WOMEN WILL TAKE EXAMINATIONS FOR OREGON YAK

ENTERPRISE, May 18.—Perhaps the largest deal in real estate that was ever consummated in Wallawa county was made by N. C. Pratt. The consideration was \$300,000. The Ed Anderson place of 1840 acres and all the holdings of the Mountain Meat company, the Trout Creek dairy and 172 acres of land with it, the Tobin ranch of 240 acres, one mile north of Enterprise, and three pieces of residence property in Enterprise, went to make up the deal for 2,800 acres of land adjoining Choteau, Mont., of which 1,800 is irrigated. Mr. Pratt has incorporated a company for the handling of this property. The capital stock is \$500,000, and the company will be known as the Cloverdale Dairy and Packing company. Sixty high-grade cows are now on the place, that went in on the deal and 250 more are contracted for. Next winter 200 more will be added, bringing the number up to over 500. This will be the largest dairy in the state of Montana. There will also be a cheese factory and meat packing plant installed. Two railroads cross the ranch—the Great Northern and the Milwaukee.

Whitewash as a Fire-Proofing. Tests made of the fire-resisting paints have demonstrated that these are fairly effective for small amounts of wood. Ordinarily cellulose or whitewash has proved in tests to be as fire-resistant as any paint covering used. It is cheap and convenient to use. Although it will not prevent the burning of wood exposed continuously to a high heat, a good coat of enamel on wood will decrease the danger of a blaze spreading from burning cigarettes, sparks, matches and similar small sources of fire. Calcimine is, of course, more effective for inside than for outside use.

The Mind. There is nothing so elastic as the human mind. Like imprisoned steam, the more it is pressed the more it rises to resist the pressure. The more we are obliged to do the more we are able to accomplish.—Tryon Edwards

The True Friend. Jud Funkins says a friend indeed is a man who can not only give good advice, but lend a hand in helping it to work out.

### Dry Chief?

Reports from Washington say one of these men may be appointed to succeed John A. Kramer as national prohibition commissioner. Above, Newton M. Patterson of Springfield, O.; below, Lufflow Perry, chief of police of Louisville, Ky.

# Yes Silvertown Cords are included in the 20% Goodrich Tire Price Reduction

Among tires SILVERTOWN is the name that instantly conveys the thought of the highest known quality. Their genuine value has given them first place in the esteem of motorists.

Motor car manufacturers and dealers are quick to emphasize to their prospects that their cars are equipped with Silvertowns—knowing that neither explanation nor argument is necessary.

This makes all the more important the fact that Silvertown Cords are included in our re-adjustment of tire prices which took effect May 2nd.

THE E. F. GOODRICH RUBBER COMPANY  
Akron, Ohio
