PERRY SCHOOL PICNICS TODAY

PERRY, May 18.—(Special.)—The school here closes its year's work on the 27th of the month—the same as La Grande. The teachers and pupils are planning a program for the last day. On Friday of this week they will hold their annual picnic. Owing to the weather conditions and the highway work, they will hold this picnic at the La Grande city park, instead of up the river as they have formerly done. Parents and other patrons are cordially invited.

Mrs. Eva Briggs is here from La Grande visiting with her parents, Mr. and Mrs. Robert German.

Work is progressing at several points along the highway and some blasting is being done, especially near the upper flat, where they are cutting through the hill before crossing to the north side of the river. This blasting is mostly stump work. Very little rock work has been done here. Machines are having a pretty rough road to travel near Oro Dell, owing to the rain keeping the dirt soft where the filling has been done.

Master Edward Hull has been quite ill for the last few days, but is much better at this time.

Mrs. June Cronby, who has been here for some time visiting with her father, Clint Ball, of La Grande, and

MR. FARMER!

Sunflower for Silage is being used more extensively each year in this inter-mountain section. It has passed the experimental stage, and progressive stockmen recognize the saving it means to their winter feed bill.

Sunflower has been grown successfully at an elevation of 6,000 feet, where the average rainfall is 16 inches. In the section referred to, in 1920, the wheat crop was a failure, while about 5 tons per acre was the yield of sunflower. The ability of the crop to withstand frosts makes it adaptable to high, cool regions, giving it a decided advantage in this respect over corn. We are now offering Mammoth Russian Sunflower Seed at 9c per pound in 100 pound bags—one-half cent additional for less quantities.

A carload of stock salt at less than wholesale cost:
50 pound sacks, per ton \$22.50
50 pound sacks, each .65c
\$3.50 Brick, Carried Stock Tonic at \$1.97.

We can use butter, eggs, and other farm produce. Top cash prices paid. Daily delivery service. Phone Main 753 "Where the Thrifty Throng."

NOTICE FOR BIDS.

TO WHOM IT MAY CONCERN: Notice is hereby given that bids will be received by the undersigned at the residence of Father A. F. Lowser in La Grande, Oregon, for the construction of a parish house. Plans and specifications may be inspected at the residence of Father Lowser until Friday, the 27th day of May, 1921.

All bids must be sealed and in the hands of the undersigned by six o'clock p. m. on said 27th day of May, 1921, instead of the 23rd day of May, 1921, as previously advertised in the La Grande Evening Observer. Separate bids for the heating and plumbing of said parish house will also be considered. The right is reserved to reject any and all bids. A certified check for five per cent of the amount bid, payable to the undersigned, must accompany each bid as a guarantee that the bidder will enter into a contract required by the plans and specifications in case such bidder is successful. In case any bidder is unsuccessful, such certified check will be returned, and in case the successful bidder enters into said contract as required by said plans and specifications, such certified check will also be returned.

with Mr. Cronby's parents, Mr. and Mrs. Robert C. German, of Perry, left for Pendleton the first of this week. The Cronbys live in California.

W. V. Connor and family attended the high school track meet in Union last Saturday.

Some of the trout fishermen have been up the river trying their luck with the finny folk, but the creeks are still so high that fishing isn't very satisfactory yet.

A union Sunday school has been organized, and is holding its sessions in the hall on Sunday mornings.

The Perry school had two boys take the eighth grade examination last Thursday and Friday.

The Lumberjack baseball team played two games, or rather one game and a half, last week and won in each instance. The first was a five-inning game with the La Grande league team, and the second was at Imbler with a team from that town. Next Sunday the Imbler team will come to Perry for a return game.

Mrs. Taylor, Mrs. Pearl O'Rourke's mother, is here from Pendleton visiting with her daughter. She will probably stay until school is closed.

The sawmill is running for a few days, getting out some large timbers for the highway work.

C. V. Wolfe, field agent for the Four L organization, was here Tuesday to attend the regular meeting of that organization. He reports several mills as resuming operations, but most of them are out near the coast region.

At the Tuesday evening meeting Fred Robertson was elected as a hall trustee, to take the place of H. B. Larson, whose term had expired.

Friday Great Day in History.

Friday has been a momentous day in American history. Columbus sailed on his first voyage on Friday and discovered America on a Friday. The Mayflower reached what is now Provincetown on a Friday. It was on a Friday that Richard Henry Lee moved that the colonies declare themselves free, and it was on a Friday that the surrender of Cornwallis virtually closed the War for Independence.

It is not hard to arouse a man's interest by telling him it's his move, unless you indicate that he must move toward the cornfield or the iron works.—Houston Post.

Worry—A Moral.

There was a man who worried because he feared he would die before he could make adequate provision for the future of his wife, to whom he was passionately attached. He carried his worry with him night and day. It made him so melancholy and irritable that his wife, unable to bear his sad, dull company any longer, ran away with another man, and he never saw her again! Worry often does things like that!

Human Experience.

Human experience, like the stern lights of a ship at sea, illumines only the path which we have passed over.—Coleridge.

Learn From Past Errors.

Mistakes of the past can never be corrected. Errors of the future only can be avoided. From the past we should learn how to live so that our lives can be free from needless regrets.

Explanation In Order.
