Portland Man, Suffered 30 Years— Says He Feels Like New Man Since Taking Tanlac.

"For forty years," said J. C. Doenck, of 12411 Macadam Road, Portland, "I was all run down and under weight. No matter what I took I couldn't get above a hundred and thirty pounds, but Tanlac has actually built me up to a hundred and fifty, which is more than I ever weighed in life."

My appetite went up to what it should have been, and I didn't get the proper nourishment and strength from my food. I couldn't rest well at night and would get up in the morning all tired out and with scarcely any energy at all."

"Well, sir, Tanlac has given me a splendid appetite and has actually built me up twenty pounds in weight. I sleep good and sound every night, and I am feeling so fine in every way that I believe I could outrun any man of my age in Portland. It's simply feel like a new man and Tanlac will always get a good recommendation from me."—Adv.
