ETIQUETTE EVERYDAY BIOLOGICAL QUESTIONS AND ANSWERS

Use of Stationery
Unruled white sheets that fold once into their envelopes and the use of black ink are proper writing materials for social correspondence.
A lady's stationery, as well as a gentleman's, is never perfumed. A man should never answer notes or invitations on his office or business letter heads. A supply of good white paper for all his social correspondence should be kept at hand. Club stationery may be used when the sheets are simply stamped with the name of the club.

Truthful Advertising.
Advertising is believed by all business men of today to be the only true and quick way of reaching the people, provided you advertise truthfully. Now, that is what we absolutely do—tell you the truth every time, for that is pure religion. Hence, we tell you that our ice cream is strictly pure, is finely flavored with pure flavors and when fruit is used, it is always a pure and perfect fruit. So is our candy. Just a little better and more perfectly made than most candy sold. Our hot or cold lunches served by us at 11:30 a. m. to 1:30 p. m. is a great big value quickly and perfectly served by fine girls who cannot be surpassed anywhere.
