RAGS Wanted at the Observer

THERE is a big difference between Calumet and all other Baking Powders.

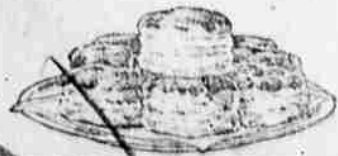

First—you see it in the cost. Calumet is sold at a moderate price.

Then—you observe it in use. Calumet has more than the usual leavening strength, therefore less is required.

Next—you notice it in raising quality—in the eventness—lightness and texture of your bakings. They look better—finer grained.

"Some Biscuit!"

CALUMET BAKING POWDER

Finally—what a difference in the taste. There is a difference, a goodness that can be had in no other manner. Biscuits, pies, cakes, muffins, doughnuts—never were so tasty—so all satisfying.

And then there is the satisfaction of knowing that Calumet is made in the World's largest, best equipped and cleanest Baking Powder Factories.

A pound can of Calumet contains full 16 oz. Some baking powder come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want.

Calumet Biscuit

Recipe

4 cups of sifted pastry flour, 4 level teaspoons Calumet Baking Powder, 1 level teaspoon of salt, 2 rooming temperature eggs, 1/2 cup of butter, 1 cup of milk, 1/2 cup of water. Bake in the regular way.

WOMAN SLIPS ON A BANANA PEEL

GRANGE HALL, June 3 (Special)—The following extract, from Thos. H. Bolae's poem, "School's Out," is the prevailing sentiment among the school children at the present time:

School's Out! With joy the archaic shout
And hail vacation days,
For three long months, with pleasure filled,
The youthful eye surveys;
Three months of stretched out happiness,
Of fun, and romp, and rest—
A respite, sweet for aye, from
By study's stress.

Roy Parker, of Kelso's California, is here visiting his mother, Mrs. Martha Parker, who is seriously ill.

While walking down Adams avenue Saturday afternoon, Mrs. Adam Beck stepped on a banana peeling, slipped and injured her ankle quite badly. Although the injury has given Mrs. Beck a great deal of pain, she is able to be out again.

The Grange Hall ball team was defeated last Sunday by the Ladd Canyon team. The score was 17 to 3.

Mrs. E. D. Salisbury and sons, George and Ellis, left Friday for Nampa, Idaho, to visit the family of J. E. Groesbeck. The Salisbury's made the trip in Mr. Groesbeck's car and George, who returned home Tuesday, reports the road to be in good condition except the stretch along the Burnt River Canyon. Mrs. Salisbury will continue her visit with her daughter for some time.

After attending the Odd Fellows Grand Lodge at Albany, Mr. and Mrs. George Grout took the train and journeyed around to Petaluma, California, where they made a short visit and then started on their journey home in their car which they had previously left in California. They left Santa Rosa Monday morning, May 23, and arrived in La Grande at 3:20 Saturday afternoon, May 28. They report the roads to be in fair condition all the way except the road between Pendleton and La Grande, and that is in very bad shape.

Mrs. Sam Williamson has been nursing a bruised shoulder, received by her being thrown from her buggy when it collided with a car that was going in the opposite direction along Adams Avenue two weeks ago Sunday.

Blue Mountain Grange met on Wednesday afternoon and held a very interesting meeting. After the business was taken care of a short literary program was put on by the Worthy Lecturer, Mrs. Orland Anson. Two papers of interest were read—A sketch of the life of Patrick Henry, by Mrs. Elsie Taylor, and a discussion on the tariff bill, by Mrs. Will Sherwood.

Wednesday Mrs. Sara Anson and sons, Jesse and Charlie, came down from their mountain ranch to attend Grange.

The little twin daughters of Mr. and Mrs. D. Davis were the stellar attraction at Grange Wednesday. The little ladies have been named Margaret Carol and Susan Carmon. The families of Ernest DeLong and Art McCall spent Sunday at the home of Wm. Hughes.

FIRST DEGREE MURDER CHARGED AGAINST 18-YEAR OLD ROMAINE

ROSEBURG, June 3—Murder in the first degree was the charge placed against Floyd Romaine, the confessed slayer of Abe Givens, by the grand jury which returned its indictment into the Circuit Court shortly before noon yesterday.

In the indictment Romaine was charged with premeditated murder and in the event evidence is introduced into the trial to prove this, a death sentence will doubtless be the result. The jury made a thorough investigation of the case, even obtaining a board of physicians to examine into the man's mental condition. The doctors reported Romaine to be sane, but found his mentality to be below par, with no trace of emotion.

Died With Their Prey.

In the extraordinary district of Lompoc, Santa Barbara county, California, were sold millions of skeletons of a large mammal, while in the upper strata are some remains of a story fish which had entered with some other shaped bag in order to feed on being. This is a point on the fact that one of the skeletons of a large mammal has two berries sticking in what was once its stomach.

WALKS TEN MILES A DAY

Portland Man Says Tanlae Built Him Up So His Work Never Tires Him Now.

"I don't believe that anybody in Portland feels any better than I do now, but it's only due to Tanlae that I can make this statement," said J. A. Russell, 318 E. 12th street, Portland, an inspector of stations for the Portland Railway, Light and Power company.

"I was in a terribly weak and rundown condition and my appetite was so poor that I ate little more than enough to keep me alive. I had a tired, worn-out feeling all the time and could scarcely hold on under the least little exertion. I didn't have ambition or energy enough to even want to walk around, and I slowly felt miserable nearly all the time."

"One day a friend of mine told me about the remarkable work Tanlae had done him and he advised me to try it. Since taking the bottles of Tanlae I am feeling altogether like a different person. I have an excellent appetite and have so completely regained my strength that I walk from eight to ten miles every day at my work without its tiring me at all."
