GIRLS STAGE AN EXTRA NUMBER

UNION, Ore., June 9.—(Special.)—The grandstand yesterday afternoon was treated to an extra number which was not on the program and which Tom Johnson, official megaphone announcer, had no record of. Two women relay pilots had been standing in the crowd around the judge's stand apparently very friendly when suddenly a fight between them started. One rider had said to the other that she was going to put her through the fence, that afternoon and of course there was an argument which resulted in a fistic encounter. It took half the members of the Live Stock association headed by Caldwell to tame the enraged woman for she was ready to fight anything that appeared before her.

Joel's Grocery

Taking a Chance

Sometimes it is a good policy to take a chance—but in clothes buying it's a little different. You wouldn't think of taking a chance on a suit unless you knew there was a reputation behind it.

All our goods are the kind that have made good. Take the Capps and Clothcraft Clothes for example—68 years of scientific clothes manufacturing—something that isn't a gamble.

All of our other things to wear, such as hats, shoes, shirts, etc., have years of manufacturing experience and successful merchandising behind them; naturally they'll make good.

This is the headquarters in La Grande for wearables of the "make good" variety.

Why not investigate? Now's the time.

We back our REPUTATION on every article we sell.
