Recommends Chamberlain's Tablets.

"Chamberlain's Tablets have been used by my husband and myself off and on for the past five years. When my husband goes away from home he always takes a bottle of them along with him. Whenever I have that heavy feeling after eating, or feel dull and played out, I take one or two of Chamberlain's Tablets and they fix me up fine," writes Mrs. Newton Vreeland, Minon, N. Y. Take these tablets when troubled with constipation or indigestion and they will do you good. —adv.

When a Man Marries

At a recent national conference of savings bank officials it was said that married men save more than single men—and more savings accounts are opened in June than in any other month. So June, the month of brides—and sweet girl graduates and eager boys with the light of the world's battles in their eyes—is also the month of Savings Accounts. But why limit this advantage to married folks? Everyone needs a savings account and now is the best time to start one.

And here is a good place—where good service and security of funds make our interest rate doubly attractive.
