HARVEST WAGE SCALE IS DOWN

PENDLETON, June 22.—The Umatilla County Farm Bureau labor committee with representatives from the different wheat growing localities of the county, adopted a scale of wages for harvest labor. This scale is somewhat higher than the scale set by the Farm Bureaus in Sherman and Morrow counties because of the more difficult work here due to higher yields. In comparison with last year's wages the reduction is between thirty and forty per cent. While the farmers felt that the wages offered are higher than they can really afford to pay, considering the fact that the price of wheat has been practically cut in two and the crop to be harvested is one of the most expensive ever grown, it was decided that in order to secure competent help it would be necessary to offer the following scale: Grain haying, \$2.50; cooks, \$3; roustabout, \$3; box driver and pitch off, \$3; straw hauler, \$3; truck drivers, \$3; bulk drivers, \$3; hauling wheat, (depending on distance to haul) \$3—\$3.50; header tenders, \$3.50; hoe down, \$3.50; sack jig, \$4; header puncher, \$4.50; sack sewers, \$5; cutter-piller operators, \$5; separator tenders for combine, \$8—\$10; stationary machines, \$7; picking up sacks in field and piling for hauling, \$1.25 per hundred. WOMAN IS NOMINATED. WASHINGTON, June 22.—President Harding has nominated Mrs. Jennie P. Musser for custom collector of Salt Lake City. This is the first nomination of a woman for a similar office. Not Their Fault, Either. Who, says a secretary of a grain and millers' social club, are blamed for the wheat situation. Yes—but not long.—Sat. Daily (Cal.) Sun.

AVERAGE GRADUATE OF O. A. C. IS 24.9 YEARS, OLDEST 51

CORVALLIS, June 22.—The average age of June graduates of the college was 24.9 years, higher than usual. This is said to be due to the fact that many of the men lost time from college while in the service. The oldest student was 51 and the youngest 19 years and 11 months.

A. F. of L. Has Hot Fight On Resolution

(Continued from Page One) ing trial and punishment for British army men guilty of atrocities in Ireland. Foley Starts Bow. No sooner had the committee's report been read when Cornelius Foley, delegate from the barbers' union, took the floor, reading a telegram from Harry Boland, secretary to Eamonn Dwyer, "provisional president of the Irish republic," which said: "The organization (American Federation of Labor) is looked on to do something for Ireland. We want the boycott, or nothing." Mr. Foley declared that "there is only one place where we can hurt England, and that is in her pocket-book." Christian M. Madsen of the Chicago Federation of Labor then moved to amend the convention report by adding a clause calling for a boycott by American labor against British goods and British companies as long as the British government maintains its barbarous and destructive policy in Ireland. A point of order was raised that this could not be introduced because it was part of resolutions already rejected by the committee. President Gompers sustained the point of order and adjourned the convention while several delegates were struggling for recognition of the chair. Would Exclude Orientals. The convention was adjourned
