The Columbia River Highway

THE remarkable engineering skill which built the Columbia River Highway opened a veritable paradise for motorists.

This highway follows the Columbia River from the Pacific Ocean—near Astoria—as far east as The Dalles, and leads the tourist through a country of indescribable scenic interest—high waterfalls, huge rocks, picturesque woods—an ideal vacation land for the motorist who appreciates nature at its best.

And on your travels along the Columbia River Highway you can always get "Red Crown," the gasoline of quality—an all-refinery gasoline with a continuous chain of boiling points.

Look for the Red Crown sign before you fill.

THE REASON FOR OUR SUBSTANTIAL GROWTH IS OUR SUBSTANTIAL SERVICE

"That Measure will Strengthen Us. It will Give Us Character Abroad"

So, we are told, John Adams argued for the Declaration of Independence. And the years that lie between the Declaration and this 145th Anniversary of its signing have seen the proof of his wisdom.

The same arguments apply to the maintenance of a bank account. For proof of this see the people who have used the right kind of banking connection to establish their credit and their financial strength. An account here leads to financial independence and strengthens your credit—which is your financial character.
