KILBANE GIVES FIGHT ANALYSIS

BY JOHNNY KILBANE,
Featherweight Champion,
RINGSIDE, Jersey City, N. J.,
July 6.—The next logical opponent for
Champion Jack Dempsey is Tom-
my Gibbons.

Gibbons would have put on a bet-
ter fight against Dempsey than
Georges Carpentier did.

Dempsey won in the main I pre-
dicted in my N. E. A. article and
the blows that put Carpentier out
were the blows I foretold.

Carpentier was "knocked out" be-
cause he didn't use those famous
brains of his; because he failed to
stay out of the clinches. Boxing
was the method by which George
"Kid" won. He was advertised as
a better and more skillful boxer
than Dempsey, and he proved his
superiority beyond the shadow of a
doubt.

Georges was a fool not to stand
up and box all the time. Whenever
he boxed he made best Dempsey.
Dempsey had more weight, more
strength and more stamina. This
demeaned Carpentier's better speed
and boxing skill.

Why Carr Lost.

Carpentier lost because he let
himself get into clinches where
Dempsey, with the 20 pounds of ex-
cess weight, could lay that weight
against him and wear him out and
outlast him with short jabs.

In spite of Carpentier's handicap
of choosing the wrong method of
fighting, he fought an even fight up
to the first fourth round. It was
plain to me that Dempsey was wear-
ing him in the first round in the
clinches by using short uppercuts,
mostly lefts.

I give Dempsey the first round,
but the second round unquestion-
ably belonged to Carpentier. He was
boxing in this round and he was
too fast for Dempsey.

Jack was mixing and Carpentier
was landing work while punching. I
judged the third round a draw, with
Carpentier landing more blows, but
with Dempsey averaging things up
with his superior strength.

Carp Hit Move Blows.

Taking the fight as a whole, Car-
pentier landed more clean blows
than Dempsey did, just as I fore-
casted.

If Carpentier had boxed all the
time and doesn't let us see out of
those deadly clinches, as he did not
admirably in the second round, he
might have won.

Carpentier didn't do the thing he
could do better than Dempsey and
he tried to do the thing that Dem-
psey could do better than he could.

This was Carpentier's fatal mis-
take.

The crowdman surprised many
by the upsides that he put up. He
had Dempsey going in the second
round, and he did this in spite of
the fact that he was weakened by
the punishment he received in the
clinches during the first round.

I predicted Dempsey would win
in the fourth round with a left
hook to the jaw, and this actually
was the beginning of the end. It
put Carpentier down for the count.
If time and Dempsey followed up
with a shift of the same blow. A
left to the body and crossing with
a right to the jaw. That was the
knockout.

Dempsey hasn't stowed up since
he was Willard.

I think he should fight every
month to keep that cham-
pionship and his first opponent
should be Tommy Gibbons.

This Flapper Leads High Life

This little flapper is the only sea lion ever born in captivity to live a full sea lion must be kept dry as it does not learn to swim until six weeks old. So a sun parlor has been built for it on the roof of the aquarium in New York. Dr. Townsend, the director, keeps a watchful eye on the flapper.

CAR IN RACE TURNS TURTLE

The miracle of a stock Hudson car turning turtle while in a race at Baker yesterday, without serious harm to the machine or the occupants, is told today by "Red" Williams who is home from the two-day race meet with third money in the big race. The spill occurred while the car was occupied by Gallup, the driver, and Sullivan, the owner, both of Boise. After the machine had turned over while running at capacity speed, it was righted and went back to the pit on its own power.

Two La Grande men placed 14th the races. Two-wheel riding a Harley took second the first day in the 25-mile event and second in the final of the 50-mile event. Red Williams won his debut Monday with Bert Hamilton's Nash and took third in the finals yesterday with the same car.

Joe Rindard of Baker, familiar to Speed 'Em Up fans, took the track record on an Indian, but was third in the long race. Osborne won the 50-mile motorcycle event on a Harley

PICNIC TABLES TO BE BUILT

S. D. CROWE INAUGURATES POPULAR MOVEMENT.

Winner of Sunday's Tourney Turns Prize Back to Specific Purpose.

The Country club camp and play-grounds are to be benefited by the generosity of S. D. Crowe, who has turned the prize of last Sunday's flag tournament back to the club with the understanding that it is to be used to build picnic dinner tables and benches. At present numerous picnics are being held at the most delightful spot between the maturation and the river, but there are no table facilities. Mr. Crowe saw the need of it and when he turned in the winning score last Sunday and the tournament prize was awarded him, he promptly started something that will meet with the approval of all.

In addition to providing table and bench facilities, efforts to have the country build the right-of-way fence at once have been instituted so that the stock can be kept out of the property. Once that is done there will always be a desirable camping spot for members of the Country club, and their families.

The Kind We Like Best.

Ice Cream, The Berkeley Brand, is what most of us like the best. Al Cash sells it. He also has the finest fruit sherbet you ever tasted. We know. Try it please at the Palace Confectionery.

LA GRANDE IS ELGIN MASTER

SHELTON TAKES LOCALS TO VICTORY YESTERDAY.

Meserve and Carroll Jointly Make Good on Mound at Imbler.

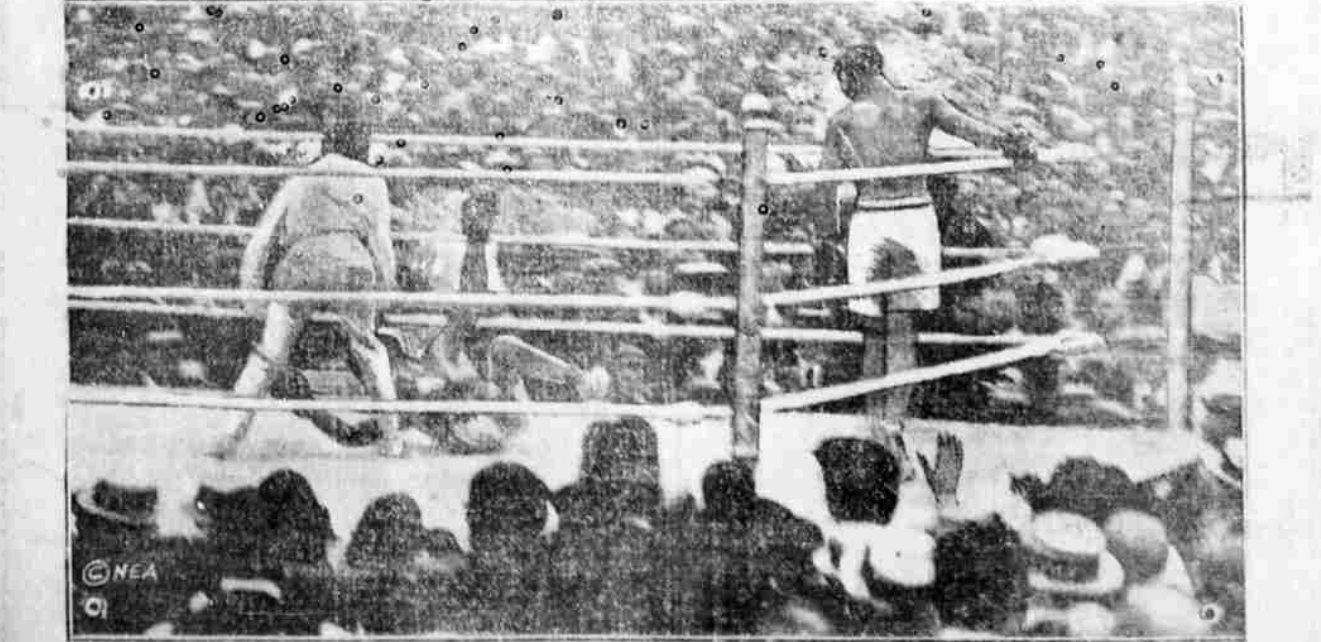

With Shelton in the box where he delighted the fans with a display of good pitching, good fielding and all around efficiency, La Grande won from Elgin at Elgin yesterday 7-6. Late in the game Shelton eased up and the bases had two on when an Elgin clouter laid one out for a home run that added three tallies and all but overtook the La Grander.

"Speed" Meserve and Mike Carroll are sharing honors today over the victory at Imbler Monday. Meserve went six innings with pretty pitching and then young Mike Carroll went in and did the best pitching he has ever done. The result was satisfactory.

PLANES RUSH PICTURES.

These flight pictures were rushed from New York to the Newspaper Enterprise association, at Cleveland, Ohio, by three Curtiss Oriole airplanes immediately after Dempsey landed the knockout blow. The flying distance was 440 miles and the planes made it in 5 hours and 41 minutes, including a stop at Bellefonte, Pa., for gas, etc.

THE KNOCKOUT

THE END OF THE FIGHT. THIS SHOWS GEORGES CARPENTIER, AFTER HE WENT DOWN IN A HEAP FROM THE EFFECT OF DEMPSEY'S VICIOUS RIGHT TO THE JAW. UNABLE TO RISE, CARPENTIER HELD UP ONE ARM AS IF IN PROTEST AGAINST THE REFEREE COUNTING HIM OUT. DEMPSEY, CONFIDENT THAT THE CHALLENGER WILL NOT RISE AGAIN, NEVERTHELESS IS KEEPING A WARY EYE ON HIM.

tative date has been set by the directors pending the will of the rain gods, for the date of the fish feed must always synchronize with the right stage of the streams. Definite announcement as to dates will be made shortly.

The usual batch of prizes will be hung for winners of the largest catches, etc.

INCITED DISCONTENT

SEATTLE, July 6.—The steamer Admiral Watson arrived at Anchorage, Alaska, on July 3, having been delayed for nearly a week in the trip north from Seattle, by engine and machinery trouble. One member of the crew was discharged at Seward, charged with inciting discontent aboard.

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarette aftertaste,

It's Camels for you.
