

Fine Farm For Sale

Look this over if you want a farm of 310 acres to 200 acres of cleared land. 70 acres of bottom land on Pass Creek. Out-range worth thousands of dollars, handy to this farm. The farm is cut in two by the Pacific Highway. You can load your stock right here on the S. P. R. R. cars. Got my own siding at West Saffley. See this if you want a farm. See my stock of over 100 or 115 head of fine cattle, four horses, a Studebaker car worth \$1500.00 to me, 20 pigs, new binder, new 14-disk harrow, Peoria drill, corn plow, 5 plows, mower, rake, 3-section harrow, 3 cream separators, 2 wagons, hack. The water system to this house and barns cost me \$1000.00. You can have your own electric lights, hot and cold water, bath. Everything just like city, even to the hard streets. The road is hard surfaced in front of the house.

There are 18 buildings on the farm, comprising 3 residences, 4 large barns, all kinds of fruit, I took in over \$10,000.00 on this farm in 1920. There is \$17,000 worth of portable stuff on the farm right now. The farm is only one mile from the Post Office on one side, 1 1/2 miles on the other side to Post Office and stores. The climate is just fine. I never fed my cattle any hay from the time they were year olds until I sold them and got \$199.00 a head for my steers last October. Crop, stock and everything goes with the farm, \$32,000.00. Don't need the money. I will give you terms if you put up security and loan you the money. Come and see me or call me up on the phone at my farm, 12 F 31 Cottage Grove, Oregon. Address

Funeral Largely Attended.—About 50 American legionnaires and members of the Elks' Lodge, went to Union yesterday to attend the funeral over the remains of the late Earman Hall, whose body was shipped from France for interment at Union. The funeral services were held in the Methodist church, and at the grave. Knights of Pythias and Elks had charge of the services. The Union Legion post was out in uniform, and was augmented by legionnaires from La Grande. The funeral cortege was a long one, and the young man who made the supreme sacrifice in the late war was honored as a soldier dead should be honored.

Returns from Trip.—Frank Tuckey and Bunny Anderson returned yesterday morning from a five weeks motorcycle trip to Old Mexico, California, Portland, Corvallis, Eugene and many other points. From Corvallis they went to Hood River with out further trouble but on arriving there they decided they would come home on the train and as soon as Frank's arm is better he will return for the machine.

Picnic Tomorrow.—Tomorrow evening's picnic at the Country club is the all-absorbing topic today. The women are arranging for splendid eats, and the plan is to get as many out as near five o'clock as possible in order that everyone may have a chance to play a round of ball, horseshoe pitching, bathing and golf before the evening is over. Baseball games will be on taps for the evening. H. M. Bay will have charge of the horseshoe pitching contests and Claude Seranton will supervise the ball games for the members present who do not play golf. Every man member who is in town or not sick on his back is expected to be out.

Car Off Grade.—Mr. and Mrs. Weed Berry and daughter, Marrella, had a remarkable escape from serious accident and possible drowning when their car went off the grade just above the country club. They had been headed for the club park but found many cars at the main entrance and went past the grounds to turn around. In making the turn the heavy car skidded off the grade and stood on its nose, as it were, coming to a stand still with the front wheels in water, but no one hurt. Picnickers nearby assisted Claude Seranton and his automobile in pulling the car out. It was a rather miraculous escape, for the water in the slough was amply deep to have drowned the occupants had the car tipped over with its occupants pinned underneath.

Much Excitement on Trip.—A vacation party composed of Will Wilson, Dr. Verne Johnson and Clyde Palmer, with Norman Johnson and Melvin Palmer as camp servants, returned from the wilds of Wallowa county Saturday evening, after being away from town a week. The stories the men tell of landing 28 inch rainbows, 22 inch bull trout, with native and Eastern-Brook trout of all sizes scattered in between, would make any disciple of Isaac Walton groan with envy. When Johnson gets the tooth extracted from the big fish properly mounted, Wilson has had time to press out the skins and Palmer has the skins printed to properly judge the collection, their display of trophies will be ready for exhibition. Their outing was replete with thrills, from the black eye secured by Johnson when he collided with a tree while he and Wilson were following Palmer blindfolded to the fisherman's heaven discovered several years ago by him and this year first shared with chosen companions, to a cloudburst on the headwaters of the creek on which they were fishing that raised the water over seven inches in as many minutes and changed the clear mountain stream into a muddy torrent, only to be clear enough to "get the limit" the next morning to the escape of the Studebaker Six from being buried by a timely warning from the boys, who were fishing in its vicinity, and noticed the car sinking, which enabled Wilson to hurry back and extinguish the fire before material damage was done. In their trip there was truly "more to fishing than fish" and while they say their appetite for fishing and fish is away below normal at present, it will only need the healing of sore toes, blistered heels and black eyes to again bring it back to normal.
