NIGHT SCHOOL IS PLANNED

Y. M. C. A. to Have Courses in Several Subjects—Will Open Next Month

The Y. M. C. A. night school will open about September 15, according to announcement by J. C. Cramer, general secretary of the Y. M. C. A. A number of courses are being arranged and in one course, that in salesmanship, an instructor has already been secured. C. E. Short, manager of the local store of the J. C. Penny company will teach this course. Mr. Cramer believes that under Mr. Short's direction this class will become popular among those employed now in positions where salesmanship is required as well as those older students in the high school who expect to enter business.

Two other classes have already been decided on. They will be bookkeeping and a class in English for foreigners. The class in English for foreigners has a number of applicants already. They are Greek and Italian in nationality.

The courses to be given will probably be five months in duration. The salesmanship class is to meet once a week with Mr. Short for a period of 20 weeks.

CO-OPERATIVE PLAN TO BE PRESENTED

The executive committee of the Union county farm bureau and representatives of the various granges in Union county will be held Saturday evening, August 20, at 7 o'clock, for the purpose of considering a co-operative farm machinery buying plan which Edwin Peck, manager of the Oregon Moline Plow Works wants to present to the organizations.

The plan Mr. Peck will present to the farmers is to have the members of these organizations buy at wholesale cost plus 5 to 7½ per cent for handling charges here. This plan has been put into force by the Moline people in many sections, he asserts, and it is said to mean a considerable saving to the farmers. In the Portland office eleven salesmen were eliminated by the inauguration of this plan, he stated when on a visit here several days ago.

WAGON PASSES OVER FARMER

William Pieper Seriously Injured in Runaway at Summerville

William Pieper, aged about 70, was seriously injured last evening when a team ran away near his ranch at Summerville. According to reports received here he was thrown from the wagon as he was getting on when the team became frightened and started to run.

He made an attempt to get back on and slipped and fell on the double-tree. When the wagon struck a rock he was thrown from the double-tree and the wheels passed over his body.

He broke one wrist and his head was injured, two stitches being necessary in the back of his head. His chest was crushed, it is believed, when the wagon passed over him, it being badly swollen.

Pieper has two sons in La Grande Otto and Henry Pieper. Both are at the father's home today because of his critical condition.

SCENIC SPOTS TO BE FILMED

Moving Picture Company Will Use Wallowa Mountain Scenes in Travelogue

Walter E. Lees, Pilot of the La Grande Aircraft company, has just returned from a trip to Salem and Portland. In the former place he attended a meeting of the state board of aeronautics, while in the latter place he made arrangements with a moving picture firm to take pictures of the Wallowa mountains.

A photographer connected with the moving picture firm will arrive here shortly and Mr. Lees will then fly over the scenic wonderland lying to the north of La Grande and a great portion of whose finest scenic spots are accessible only through the air.

The pictures to be taken in the Wallowa mountains will be used in a travelogue that is being prepared now and if the Wallowa trip is a success it is very likely that the plane of the local aircraft company will be chartered for work of this nature in other sections. Already the company which will take the pictures here has made plans for taking pictures in the Hood River section and in Crater national park.

TAPP IS READY TO STAY HERE

Marvels of Eastern Oregon farming have left H. C. Tapp, of Portland, a warm and ardent booster for the Grance Ronde. Mr. Tapp is a guest of his son, M. M. Tapp, of this city. He has visited the wheat belts in company with Clyde Bunting and for the first time saw the big combines at work, and also for the first time saw any great volume of 40-bushel wheat.

"I certainly have become attached to the Grande Ronde valley," said Mr. Tapp. These wheatfields are a revelation to me, and La Grande itself is for, while I live at Portland, I have never gotten really acquainted with this section of the state, and I am going to stay just as long as I can in hopes of learning more about it.

"I see some things about La Grande that might be improved before it is too late. For instance, you should make some provisions for an up-town park before your community is too solidly built up. The Riverside Park is a wonder but I find it a little hard to get at. I hope that La Grande will endeavor to convince the rest of the country of this wonderful scenery up the river. The picture of the whole valley is one of exceptional beauty and I do not believe you appreciate it," he said. Mr. Tapp hopes to take his father to the Elgin ice caves, and to Wallowa Lake before he returns home.

OFFICERS AFTER TAX DODGERS

Delinquent Personal Property Tax to Make Trouble For Many People

If you are a tax dodger, look out.

By order of the county court the sheriff's office organization instituted a drag net yesterday and started in pursuit of those who have not paid tax on personal property.

Under the law any property that fails in its tax is liable to confiscation by the sheriff and that official has his Irish clear up to the popping off point. The reason is plain, for so many have told him they would be in and pay the tax and have failed to do so that Sheriff Warnick is about to lose confidence in human nature. So nearly has he arrived at this point that he called in Deputy John Striker and ordered him to go forth and get either the money, the property or bring in the man who owes the tax. And John is obeying orders.
