The Screen

BERT LYTELL IN "THE MISLEADING LADY"

"The Misleading Lady," the Metro special production which will run as the feature picture at the Sherry theatre for two days, beginning today is of unusual interest, since the leading part in the play, which can be called a cave-man picture with an adroit twist, is taken by Bert Lytell.

This talented actor has appeared in a number of screen productions and in none has he failed to impart a decidedly brilliant atmosphere thru his characterizations, which are always a departure from the expected and the usual. It is said that in this picture, where he is a woman-hater who suddenly takes it into his head to teach a society girl what primitive emotion really is, he surpasses even his past efforts—and they were exceptionally good.

"The Misleading Lady" is a picturization of a famous New York stage success of the same name, which had such a vogue during its run. The original play is by Charles Goodard and Paul Dickey.

Bert Lytell plays the role of Jack Craigen, the engineer just returned from a big construction job in Africa, and who comes to New York and meets a lovely society girl, Helen Steele. Craigen's friends know that he is an incorrigible woman hater, and get Helen, who is decidedly stage, to make Craigen propose, as an example of her theatrical skill. It is done but Helen doesn't get to enjoy her reward, a place as leading woman in a millionaire's "little theatre." She is snatched away struggling, to Craigen's isolated hunting lodge in the Adirondacks and there is treated as she never had been treated before. Craigen's brusque wooing first enrages and later captivates her, so much so that when her fiance, with murder in his brain, comes to claim her, she refuses him and chooses Craigen.

The action of the story is briskness itself, with never a slow movement, and a rich humor prevades the whole, according to those who have already seen it.

Chapter 12 of "Lightning Bryce" is chuck full of thrills.

FAMOUS WESTERN PLAY FOR TOM MIX AT ARCADE

"Prairie Flowers," a most successful novel by James B Hendryx, has been made into a motion picture by William Fox under the title "Prairie Trails," and will be presented at the Arcade Theatre Friday and Saturday. Tom Mix, the celebrated cowboy star, plays the principal role.

A few months ago, it will be remembered, Mix scored a great success in "The Texan," a thrilling western picture telling of the adventures of Tex Benton. "The Texan" was filmed from a very popular Hendryx novel, and "Prairie Trails" is a sequel to it, giving more adventures of Benton, and in particular his love romance.

In every picture Tom Mix makes he introduces some original stunt in riding, roping, or just straight acrobatics. "Prairie Trails" is said to be crammed with such thrills. Those who have read the book and have been enthralled by Benton's hair-raising exploits will realize the terrific punch they will carry when actually presented on the screen.

George Marshall directed "Prairie Trails," and the cast includes Charles K. French, Kathleen O'Connor, Robert Walker, Gloria Hope, Sid Jordan and other well-known players.

Market News

STILL COMING DOWN.

CHICAGO, Aug. 18.—The downward movement in wheat continued today the closing quotations being 3 cents lower than yesterday for September futures and 3 3-4 cents lower for December futures. This brings the price 9 cents below Monday's quotation September closed $1.16 1-2 and December $1.17 1-4.

CHICAGO, Aug. 18.—Unfavorable reports about general business conditions gave an advantage yesterday to bears in the wheat market.

Attention of traders in wheat centered largely on official announcement that 5,700,000 people are out of work in the United States. Federal reserve board statements about factors operating against business progress were likewise given much notice, and so, too, were fresh declines in the New York stock market and in foreign exchange.

WILL INCREASE PRODUCTION

MANCHESTER, Eng., Aug. 18—The Federation of Master Cotton Spinners Association has decided to increase work in mills using American cotton to 35 hours weekly against the present short-time of 24 hours. The mills using Egyptian cotton will immediately resume full time working.

Some Real Bargains

No. 27—140 acres of which 100 acres are layed off in 5 acre tracts in the heart of Cove fruit district, good water right and ditches already made to carry the water to all part of this land.
