Secretary Hughes is secretary of state because of his special fitness for the position. He studies and is familiar with international problems and is therefore best fitted for handling such questions. To make the conference and open forum would only mean a serious handicap on the men who are striving hard to get the best results for this nation.

Here's to Buffalo

According to the Oregonian's trade expert, Buffalo, New York, has passed the trade paralysis period. Good for Buffalo. Now if the fine idea will only extend across the country until it hits the Pacific coast all will be well.

Buffalo is a manufacturing city. Her wares are made by labor and her markets are the markets of this and other countries. In these agricultural districts things are quite different. We live from products of the

NEW YORK SALES ARE ENORMOUS

Biggest Thing of Kind Ever Seen in That State, Says Big Wholesaler.

The fact that 625,000 bottles of Tanlac have been sold in the state of New York since its introduction there less than one year ago, is a big business item that will attract unusual attention throughout the entire East, for nothing like it has ever happened before. It breaks all records.

Mr. George B. Evans, manager of the Gibson-Snow Company, the well-known wholesale druggist, with branches in Albany, Buffalo, Rochester and Syracuse, recently announced that the preparation was now selling in their trade territories at the phenomenal rate of approximately 50,000 bottles a year.
"If the present rate continues," said Mr. Evans, "this state alone will probably require considerably over 750,000 bottles a year. This is a tremendous figure, but I am really conservative in making this statement." Tanlac is sold in La Grande by Silverstein's Family Drug Store and all leading druggists.—Adv.

sibly the supreme representative, Mrs. Margaret Smith of Union. Mrs. Alice Gaily of Enterprise, past grand chief, is district deputy grand chief.

The afternoon meeting will be a closed one for Pythian Sisters only. The evening meeting will be open to Pythian Sisters, Knights of Pythias and their families and will consist of a program of music and readings and various other numbers. The following committees were appointed for the convention by M. E. C. Viola Crawford at the regular meeting of Juanita Temple on August 16.
General committee—Lucile Bauer, Mabel Ogan, Alice Gaily.
Hall—Louise Thompson, Hazel Farrell.

Refreshments—Rachel Ratcliff Pauline Roe, Alta Weathers, Lula Snow, O. J. Roe.
Program—Viola Crawford, Olive Baker, Lois Turner.

Home Burns out.
Fire which started about 11 o'clock last Wednesday night destroyed the home of John Young in the Lewis district. Sparks from the burning house fell on the barn and it also burned to the ground. A few articles were removed from the porch of the house but that represented all that was saved. The house was the newest and best in the district. It was a modern frame structure of five rooms and was built last year. It was the product of years of hard work. In it Mrs. Young had all her keepsakes, some of which she had brought from Ohio years ago.

The barn had not been filled with hay, so the loss might have been worse. The building was insured for \$3500, a small part of her value.

Body on Way Home.
A telegram was received on Sunday from J. F. Bruce at Yakima, Wash., advising that the body of his son, Henry, would arrive at New York from France today. It will be brought to Enterprise for burial beside the body of his mother. A military funeral will be held when the body arrives in a week or ten days.

Henry Bruce was killed in action in Europe Sept. 27, 1918, in the closing months of the Great War, when the United States forced Germany to surrender. His body received temporary burial in France. Since his death his family has moved away from town.

Club Resumes Meetings.
The first regular meeting of the Enterprise Women's club will be held at the Masonic hall at 2:30 next Thursday, September 1. The meeting will be a get-together meeting and the program will be the report from the State Federation convention at Pendleton, by the Enterprise delegates, Mrs. Essie A. Holmes, Mrs. F. A. Clarke and Mrs. A. R. Stukler, an outline of the year's work by the president, Mrs. C. L. Booth, and some musical selections.

All old and new members are urged to attend. The new year books will be ready for distribution at this meeting.

CHANGE IN PLAN BY BIG COMPANY

NEW YORK, Aug. 29.—The General Electric Company has issued a circular to shareholders dealing with the question of its stock dividend policy and with general business and financial aspects.

Regarding stock dividends, it proposes, for the better protection of its small share holders, a dividend of \$5 a share, payable annually in place of the 2 per cent semi-annual dividend.

According to the circular, the business of the company is being well maintained and orders are being received at a rate in excess of any year prior to 1917. The company claims to have more than forty million dollars cash on hand and no current liabilities other than ordinary monthly accounts and federal taxes.

As a means of checking up on speeders, a device has been invented by a Los Angeles man which consists of an attachment secured to the front of the car, which is supplied with three lights. When running slowly, a white light shows, which continues until the rate passes the limit of the city ordinance, when a green light comes on, showing that the country rate is being used. A red light indicates the next rate of speed.

LAKE FISHING TO BE POPULAR

WALLOWA, Aug. 29.—The future good fishing for Wallowa county anglers will be more in its mountain lakes than in the streams in the years to come.

The waters and rivers and creeks in the county are being used more and more each year for irrigation and some creeks which in former years had a good flow of water, are entirely dry at the lower end, as the waters have been diverted to alfalfa and grain fields. The same can be said of the South Fork.

Game Warden Rogers knowing that the waters are being used for irrigation planned the stocking of all the lakes accessible this year with Eastern brook trout. In a couple of years these fry planted this year will be a foot or better in length which will mean good sport for the anglers who will visit the beautiful mountain lakes.

It is the intention of the fish and game department after stocking the lakes with Eastern brook fry from the Union hatchery to stock the river with several hundred thousand Rainbow.
As the good roads are completed into the county each year will see more tourists and fishing parties and to induce these people to visit us we should see that the streams are well stocked each year with plenty fry.

Missing Teacher Has Returned to Her Home

COVALLIS, Aug. 29.—Miss Celia Dery, Wellisale school teacher missing since Friday morning of last week and for whom the whole tributary country had been searched and the streams drugged, returned to her home some time Tuesday night and this morning was found in her father's bedroom, into which she had slipped during the night without arousing any of the family. She appeared to have been without food, was weak, refused to give any details of her disappearance or stay away, and a physician was called to give her attention.

POOR FARM ESCAPEE IS APPREHENDED HERE

Delmar Allen, whose home is in St. Paul, Minnesota, and who has been an inmate of the Troutdale poor farm until a week or ten days ago when he made his escape, was arrested last night by the local police and held pending word from Troutdale.

ELBERT HUBBARD'S IMMORTAL MASTERPIECE LITTLE JOURNEYS TO THE HOMES OF THE GREAT

What Some Critics Say:

Elbert Hubbard's "Little Journeys" have given a delight to tens of thousands. I shall always count my self his debtor for the wisdom and sense of his philosophy. FRANKLIN K. LANE.
The greatest legacy Elbert Hubbard left to the world is the "Little Journeys to the Homes of the Great."
CHARLES M. SCHWAB.
Centuries may elapse before such a mind may appear again. His loss is a world wide calamity. LUTHER BURBANK.
Elbert Hubbard's "Little Journeys" mark an epoch in literature. JUDGE BEN LINDSEY.
Elbert Hubbard's Little Journeys. The masterpiece of a master mind. DR. FRANK CRANE.
There certainly was a thinker let loose when Elbert Hubbard was born. I feel I am greatly indebted to him. He has been an inspiration to me for many years. DR. ORISON SWETT MARDEN.
(Editor "Success" Magazine)
Elbert Hubbard stands today as America's ablest writer and Little Journeys his best work. (Home's Monthly) W. HOWE.
"Little Journeys" are a boon and a blessing to the busy man. HENRY FORD.

Elbert Hubbard is the greatest writer, vocabulary and range of ideas considered, that the world has ever seen, ancient or modern.
ROBERT BARR.
Hubbard was a mountain spirit, free, strong and utterly untrammelled in this very untrammelled world of ours. We can ill afford to lose his voice.
JAMES WHITCOMB RILEY.
I regard Elbert Hubbard's Little Journeys to the Homes of the Great as great masterpieces.
WILLIAM A. (Billie) SUNDAY.
I have read "Little Journeys" for fifteen years—and I still read "Little Journeys."
JULIUS ROSENWALD.
(Pres. Sears, Roebuck & Co.)
Little Journeys—I would not take \$2,000 for the set if I could not get another.

STODDARD JESS.
Perhaps the chiefest loss of all was the drowning of the brilliant intellect of Elbert Hubbard. Neither the Atlantic ocean, the Pacific, nor all time can drown the work of this great mind. "Lord and Peaceful be thy sleep. Rocked in the Cradle of the Deep."—Extract from sermon. REV. PHIL C. BAIRD.

Little Journeys to the homes of 182 of the world's greatest geniuses, complete in 14 very beautiful volumes, bound as only the Roycrofters can do beautiful binding.

This is the only opportunity our friends in La Grande will have of getting this "very Roycroftic" work (the only edition in print) at this remarkable low figure and on very easy installment terms. The entire set of books are sent you forthwith.
