COMPLETE HOME FURNISHER

This monument, erected to the memory of Joseph Bradford Carr, in Oakwood Cemetery, New York, is a combination of classic and modern ideas in monument work.

Gen. Carr's Memorial, Troy N.Y. —We have made a profound study of monument building, and an order placed in our hands is sure to receive faithful, intelligent execution.

We Will Gladly Furnish Estimates

Blue Mountain Marble & Granite Company.

1502 S. Ave., La Grande, Or.

A TRIAL WILL CONVINCE YOU.

NOTHING that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. We can tell you of thousands who have been permanently cured of chronic constipation, indigestion, biliousness, sick headache and disorders of the stomach and liver, but this will have little weight with you as compared to a personal trial. That always convinces.

Do Your Children's Eyes Need Help?

Now is the time when the child with weak eyes is experiencing the most trouble. For hours every day and often under artificial light during the evenings, they have to pore over books. The constant strain is particularly taxing. Even a slight weakness of the eyes develops rapidly under such a strain into something more serious.

Such children need glasses. Properly fitted lenses will take care of the overload. If cared for now the weakness may be overcome by the time the child is full grown. If not, the time will soon come when glasses will be absolutely necessary and doubtless for life. It is only fair to the child to make an effort to save them from this if possible.

If your children are backward at school work or complain of frequent headaches or stinging and stinging sensations in the eyes, have a competent optometrist make an examination.

Glasses fitted upon our TORIC LENSES which they are now vice natural to children saving their eyes from our equipment.

The first time the United States had on their way to in 1900, just 10 years last disappearance.

J. & Son
